RESOLUTIONS.

Passed at the Twenty-ninth Annual Meeting of the UPPER CANADA BIBLE SOCIETY, *and Fortieth of the Society's operations, held in the Wesleyan church, Richmond street, Toronto, on Wednesday evening, the 12th of May,* 1869.

Dr. Daniel Wilson, Vice-President, in the Chair.

Reading of Scriptures and Prayer by the Rev. George Cochran.

Chairman's Address.

Reading of the Report by the Rev. Wm. Reid, M.A., Secretary.

Moved by the Rev. E. Baldwin, M. A., seconded by the Rev. Dr. Caldicott:

1. That the Report, of which an Abstract has been read, be now adopted, printed and circulated, and that the following gentlemen be the office bearers, and Board of Directors for the ensuing year. (See next page.)

Moved by the Rev. W. M. Punshon, M. A., seconded by the Rev. F. H. Marling.

2. That this meeting desires to express its heartfelt gratitude to God for the cheering report of the operations of the Upper Canada Bible Society, which have under the Divine blessing, been so effectively promoted during the past year by the active co-operation of its auxiliary and branch societies, the zeal of its agents, and the self-denying labors of its colporteurs in the remoter townships, And it pledges itself to the continued support of the Society in its noble work of Christian benevolence, until every part of our Province shall be visited with the noble work of Christian benevolence, until every part of our province shall be visited with the "light of the glorious Gospel of the Son of God."

Moved by the Rev. John Hall, D. D., of New York, seconded by the Rev. Wm. Cocker, D. D.

3. That this meeting acknowledges with devout gratitude to Almighty God, the great success which has attended the efforts of the British and American Bible Societies, in circulating seventy five millions of copies of the Scriptures among the nations of the earth. And it rejoices in the fact that through the agency of the Parent Society alone, the word of God has been printed and circulated in no fewer than one hundred and eighty-two languages and dialects—thus opening the Treasury of Divine Truth to hundreds of millions of the human race previously destitute of it; and letting them hear, each "in his own tongue, wherein he was born, the wonderful works of God."

Moved by the Rev. Dr. Barclay, and seconded by the Rev. J. G. Manly.

4. That the thanks of this meeting be given to the trustees for the use of this church, and to the choir for their kind assistance.

Benediction by the Rev. Alexander Topp, M.A.

TWENTY-NINTH ANNUAL REPORT

OF THE

UPPER CANADA BIBLE SOCIETY.

The record of history witnesses to the inspiration of the Holy Scriptures, while it announces the fulfilment of prophecy in the events affecting the nations of the earth. Prophecy is history ante-dated. Inspiration sees things in the future as though they already were, while history, with its chronicles of the past, answers to the sacred oracle as echo answers to sound. Divine inspiration gives the promise, "But as truly as I live all the earth shall be filled with the glory of the Lord." "The Gospel of this kingdom must be preached to all people." Such were the predictions uttered while as yet the geographical relations of the earth were unknown to its inhabitants, and the Babel of languages in its numerous tribes imposed impassable obstacles to fraternal intercourse. The announcement went forth that the Gospel should be preached to all nations, and kindreds, and tongues, and peoples, ere the art of printing disturbed the slumbers and aroused the energies of the world. While yet such events seemed impossible, the fiat went forth, and lo history finds in the fulfilment of the prediction, material from which to construct its record. "Head over all things to the Church," the Great Immanuel subordinates all the events of Providence to the furtherance of His great design. He makes the wrath of man to praise Him, and the pen of the sceptic to attest the truth of His Word. And what have been the rapid and marvellous developments in Arts, Literature and Science, but accumulating means for the fulfilment of prophecy. Even the rapid accumulation and extension of commercial relations amongst the nations of the earth, are but channels constructed for the diffusion of the Holy Scriptures, and the fulfilment of prophecy. Still the prophetic roll is opening. While we presume not to determine the exact agency which the prediction contemplates, yet, may we not without presumption, claim for the Society which now circulates the Word of Life in no less than

182 languages and dialects, and during the last sixty-five years, has put into the hands of the race, no less than fifty-five millions, sixty-nine thousand, eight hundred and sixty-five copies of that word, that it is included in the agency which the prophet foresaw. Nor is its work done. Amid the scenes of stirring interest which have characterized that Society from its origin, the past year stands signalized by the revolution in Spain—an event which, whatever may be its influence upon the political aspects and destiny of that country, has opened the door for the entrance of God's Word among the people. That door, for so many dark centuries closed in resistance, has at last been opened to the Divine Word, and the British and Foreign Bible Society, with its usual promptness and enterprise, has entered in, pledging, with all despatch, to furnish the people with a million Gospels, as an earnest and pledge of a full and speedy supply. In the history of that Society, Spain now numbers with the nations that have capitulated, leaving the Society to expend its energies in cultivating for God the field still in the possession of the enemy. And the Society, with its numerous auxiliaries, contemplates nothing less than giving the Bible to the world. Its past successes are but encouragements to vaster enterprise. With the world for its field, the Bible Society has not fulfilled its commission nor realized its hopes ; and will not realise them till every nation and tribe, every family and individual, shall possess the blessed Word which maketh wise unto salvation, and each in his own tongue shall read the story of God's love to man.

As the Upper Canada Auxiliary, your committee feel that we stand identified with the great Parent Society in all its movements and triumphs, for while this Province is the special sphere of our activities, we have transmitted to the British and Foreign Bible Society during the past year, the sum of $7,756.91 to aid them in their wider field—the world.

I.—AUXILIARIES.

The Upper Canada Bible Society has two Auxiliaries—the one at London, the other at Kingston—which co-operate with your Board in carrying on the general work of the Society.

The London Auxiliary embraces seven counties, with 73 Branches, two of these being recently formed. Its issues for the past year were:—Bibles, 1,608; Testaments, 2,716; Portions, 20. Total 4,344. An increase of 251 on the issues of the previous year. The receipts amounted in all to $4,368.20. The Ladies' Bible Society in the City of London continues its useful and laudable labors. In connection with this Society, a Bible-woman is employed, and the results of her labors are highly encouraging.

The Kingston Auxiliary has 36 Branches. Its issues for the year were in all 3,258. The receipts were, including balance from former year, $1.735.27.

One colporteur is employed, Mr. Jno. Finlayson, whose reports manifest his devotedness to his work. He has put into circulation 1,913 copies of the Scriptures, visited 3,879 families, and travelled 1,600 miles.

II.—LOCAL BRANCHES.

There are 253 Branches directly connected with the Upper Canada Bible Society, apart from those in connection with the two Auxiliaries; including these the number is 362. The increasing zeal and activity of these Branches, as evidenced by the Agents' reports, and also by their enlarged contributions to the funds of the Society, afford to us profound satisfaction, while at the same time it reflects credit upon their zeal and Christian enterprise. We have received this year $1,440 less than last year from legacies. It affords us pleasure that this falling off arises from the good providence of God preserving our friends in life. If we have not legacies from their estates, we have what is more to us—their presence amongst us, their contributions, and their prayers. Some of the Branches have far exceeded the measure of other years, and in the aggregate we are happy to report an increase to our funds from ordinary sources of $939.35 over last year. Not a few of our Branches are beginning to employ, on a small scale, and for local purposes, colportage, confined of course within their own boundaries as Branches, and in many instances with excellent results, both as it respects the sale of the Scriptures, and also collecting cash for the Society. In Brantford a Bible-woman has been employed, and with the most satisfactory results. Their Treasurer, I. Cockshutt, Esq., has generously undertaken to bear one half the expense of the Bible-woman, and the Society the other half. Their current report furnishes pleasing evidences of the great value of such an agency.

III.—THE WORK OF THE AGENTS.

During the year, three Agents have, as formerly, been engaged in connection with the Society—the Rev. T. Goldsmith, in the more western part of the field; the Rev. W. Brookman, in the middle counties; and Mr. S. B. Johnson, in the more eastern part of the field. Their reports, appended to this report, will show what they have been doing.

In connection with the work of Agency, the Board think it right to state that they have found that an impression prevails in not a few of the Branches, that the number of Agents might be reduced, without detriment to the interests of the Society. The question cannot be fully discussed in this report, but it may be stated that means are being adopted to ascertain more fully the feeling of the Branches throughout the country on this point. Hitherto it has been the sole object of the Board to promote the Bible cause by the

employment of the Agents; but, if it can be shown that a less amount of Agency might be beneficially employed, or that this is the impression of the friends throughout the country, the Board have no personal ends to promote by continuing the present system, but will cheerfully set themselves to carry out the views of their constituents, by reducing the number of Agents.

IV.—COLPORTEURS.

During the past year the following Colporteurs have been employed, viz: Joseph Strain, for 12 months; Wm. McPhail, for 12 months; John Lowry, for 5 months; and John Dunn, for 5 months. Their labours were prosecuted in the following Townships: Brant, Culross, Sunnidale, Greenock, Morris, Sydenham, Collingwood, Osprey, Luther, Melancthon, Essa, East Gwillimbury, Scott, Georgina, Brock, Whitchurch, Uxbridge, Reach, Markham, Pickering, Malden, Anderton, Gosfield. For four months Mr. Dunn laboured under the direction of the Port Hope Branch.

V.—OPERATIONS OF THE DEPOSITORY DURING THE YEAR.

Issues to Auxiliary and Branch Societies—Bibles, 10,945; Testaments, 16,789; Psalms, 20; Portions, 56; Total, 27,810.

Cash Sales at Depository—Bibles, 1,827; Testaments, 2,021; Psalms, 24; Portions, 131; Do. for Blind, 22; Total, 4,025.

To Colporteurs—Bibles, 1,584; Testaments, 2,393; Total, 3,977.

Gratuitous from Depository—Bibles, 749; Testaments, 1,397; Portions, 109; Do. for Blind, 3; Indian Translations, 23;—2,281—Total, 38,093.

Showing a decrease of 4,668 from the circulation of the previous year.

Total number circulated by this Society since its commencement, 697,224.

The stock on hand at the commencement of the year consisted of 14,074 Bibles, 14,028 Testaments, 2,733 Portions, 292 Testaments with Book of Psalms, 263 Books of Psalms, 8 Portions for the Blind, 1,614 Indian Translation; value $10,216.16. Also 663 Bibles and 1,336 Testaments for gratuitous distribution.

Copies received from the Parent Society during the year, 13,608 Bibles, 21,136 Testaments, 165 Testaments with Book of Psalms, 257 Book of Psalms, 114 Portions for Blind.

Stock on hand at the close of the year, 13,186 Bibles, 13,215 Testaments, 2,334 Portions, 406 Testaments with Book of Psalms, 431 Book of Psalms, 1,610 Indian Translation, 99 Portions for the Blind; value, $9,789.65. Also 160 Bibles and 383 Testaments for gratuitous distribution.

The Board may here state, that during last year a duty of 5 per cent. was put by the Legislature of the Dominion on imported books, including Bibles. This duty has been paid on our imports, while no addition has been made to the selling price. A memorial has been forwarded to the Governor-General in Council, urging the remission of this duty on the copies of the Word of God imported into the Province; but the Board are sorry to state that there is not any great likelihood of the duty being removed.

The following is the Treasurer's Financial Statement, made to the Board of Directors for the years 1868-9, which has been examined by the Auditors, and duly certified by them :—

Audited and found correct, (Signed) HERBERT MORTIMER, A. CHRISTIE, } *Auditors.*

The growing business of the Society having rendered it necessary to extend the premises, the work was executed last summer, under the direction of a joint committee of the Bible and Tract Societies, and the expense borne equally by the two Societies.

VII.—RETIREMENT OF MR. JAMES CARLESS.

Mr. James Carless, who had been in charge of the Depository for nearly 30 years, having felt constrained by a growing sense of infirmities to tender his resignation, the Board advertised for applicants for the vacant situation, and ultimately appointed Mr. John Young, who is, it is believed, in every way well qualified for the important and responsible duties of the position which he now occupies. The Board, in parting with their old and tried servant Mr. Carless, who had seen the Society grow from small beginnings to its present magnitude, and who, by his diligence and integrity, contributed in no small measure to the increase of the business of the Depository, considered it but due to him to record their high sense of the fidelity and efficiency with which Mr. Carless had discharged the duties of Depositary for so many years.

VIII.—PERMANENT SECRETARY.

In connection with the internal work of the Depository, the Board have for some time past felt the desirableness, yea, the necessity, of having a Secretary able to devote his time and energy to the business of the Society. The duties are so many and onerous, and the responsibility so great, that it is impossible for gentlemen, whose hands are fully occupied with their own peculiar work, to give the attention and time necessary for conducting the correspondence, directing the general operations of the Society, and exercising a beneficial supervision over every department of the work. It is recommended that the new Board be authorized to consider this matter, and adopt such a course as they may think best for the interests of the Society.

IX.—KINDRED SOCIETIES.

MONTREAL.

The Montreal Auxiliary, with its numerous Branches, continues its useful work. The issues during the past year were Bibles, 8,358; Testaments, 8,231; Portions, 974—in all 17,557, being an increase of 1,632 over the issues of the preceding year. Gratuitous grants were made to the French mission at Kankakee, to the Sailor's Institute and to the Military Hospital, besides the copies distributed gratuitously by the Colporteurs. The receipts were $17,959.69,

showing an increase of $1,937.30 compared with former year. Three Colporteurs have been employed during the year. Two of them labored among the English-speaking inhabitants.

OTTAWA.

The Ottawa Auxiliary has 33 Branches, being five in addition to those reported last year. It employs two Colporteurs for the greater part of the year. The issues have been in all 4,419, an increase of 403 on the issues of last year. The income of the Society has been $4,054.92, and the expenditure $1,804.91.

BRITISH AND FOREIGN BIBLE SOCIETY.

The operations of the British and Foreign Bible Society are so vast that it is difficult in a few paragraphs to give anything like a full or correct view of them. While the agencies of the Society cover England with a net-work of Bible Associations, Branches and Auxiliaries, (in all 4,212,) its operations extend to almost every part of the world, and its vigilant agents are ready to enter every new door opened. During the past year, Spain, as already stated, has occupied a large measure of the attention of the Parent Society, and the resolution to print a million Gospels for Spain is in the course of being carried into effect. The last letter received from London states that the total issues for the year ending 31st March last, were 2,140,620, while the receipts from all sources amounted to £187,952 9s. 9d. The printing of Scriptures for Spain goes on with expedition, and 40,000 copies of the Gospels have already been scattered among the people in various parts of Spain. Besides the central depot in Madrid, there are 17 other sources of supply for the city, while there are 42 other depots in operation. In Austria the work is again prosecuted with success. Government sanction has been given to the depot in Pesth, and to the sale of Scriptures through the agency of Colporteurs. The lack of suitable agents is one of the principal hindrances in the way at present.

It may be stated that the new premises erected for the business of the Society are now occupied. A sermon was to be preached by the Archbishop of Canterbury, in St. Paul's Cathedral, on behalf of the Society, in connection with the opening of the new premises. We trust that for many generations these buildings may form a grand central depôt for the dissemination of the Scriptures of truth to every nation and family.

NATIONAL BIBLE SOCIETY OF SCOTLAND.

The National Bible Society of Scotland carries on its operations with growing vigour. They have agencies in Sweden, Russia, Pomerania, and in Italy, where for several years they have disseminated many thousand copies of the Word of God. Spain is also a special object of attention. In more distant

fields their operations are being extended. They have been instrumental in sending to Madagascar a printing press, for printing the Madagascar New Testament.

HIBERNIAN BIBLE SOCIETY.

The Parent Society, in their Report for 1869, remark:—"The results accomplished by the Hibernian Bible Society, during the year, have proved very satisfactory, and afford evidence that the department of Christian work assigned to it is not likely to languish for want of zeal or funds. The circulation of Scriptures has reached a total of 86,926 copies, being an excess of 23,208 over the issues of the previous year. This large increase is, it is true, mainly to be attributed to the fact, that the Hibernian Bible Society has relieved your Society of the grants which in former years were made to the Sunday School Society for Ireland; but, independently of this circumstance, which gave rise, for the first time, to a circulation of 16,350 copies, there is an increase on the ordinary operations of the Society to the extent of 6,858. The income of the Society has also received some addition, derived, not from the precarious source of Legacies, but from special Donations and the Free Contributions of local organizations. The colportage sustained by the Hibernian Bible Society has been vigorously carried out, and the agents employed have traversed every county, selling no other book than the Holy Scriptures of the authorized version. This mode of operation is felt to be immensely valuable, in order to counteract, in some measure, the pernicious literature which is industriously disseminated to meet the taste for reading, which prevails to an increasing extent amongst the humbler classes. The visit of the Colporteur often leads to conversations on subjects of the deepest interest, and results sometimes in the purchase of the Sacred Volume by those who had previously no adequate sense of its preciousness."

AMERICAN BIBLE SOCIETY.

The fifty-third year of the American Bible Society has lately closed, and a new year opens with good prospects. For their domestic work, they have a staff of about forty agents, engaged in visiting Auxiliaries and Branches, and seeking to sustain and extend the interest in the circulation of the Scriptures. Beyond their own territories the American Bible Society has agents in Mexico, Brazil, and other parts of South America, the Sandwich Islands, Egypt, China and various other places.

CONCLUSION.

Such, then, is the work in which your Society is engaged. Such its agencies, modes of operation, and such the great work it seeks to achieve. While your Committee would record its grateful sense of the hearty co-operation of its numerous Branches and Auxiliaries—of the Christian catholicity exempli-

fied by the various sections of a common Protestantism, in combining their counsels and energies for promoting the diffusion of the Holy Scriptures in every language and nation under heaven—we would gird ourselves for more extended enterprise. The world opens more rapidly for the Word of Life than the great Parent Society, with all its numerous Auxiliaries, can furnish means to supply. Africa, India, China, Turkey, and now, at last, Spain, to say nothing of other Pagan and Roman Catholic countries, present openings which are beyond the resources of the Society to fill. What teeming millions are yet in darkness! And these are our brethren! The dark African, the tawny Indian, the degraded Hottentot, the shivering Esquimaux—our brothers! Where, then, are our bowels of compassion, while they are left unvisited and unsaved. Much as our Auxiliary has done in the great work of spreading the Holy Scriptures, your Committee still feel we might, nay *ought*, to do *more*. The Book we circulate, the command of its Author to give it to the world, and the world's pressing need, all conspire to form a motive to prompt to diligent action. And are not churches at home vitalized and quickened by intensifying their sympathies for the perishing world abroad? How may we better promote the growth of piety among ourselves than by cultivating a profound reverence for the Word of God, and labouring to give it to the world? Or how may we better imitate Him who went about doing good? The broad catholic platform of our Society, while it invites the co-operation of all, tends to wipe away denominational asperities, to mould all into a common brotherhood, so that in our very contributions and labours we are more largely benefitted than the subjects of our bounty. "It is more blessed to give than to receive."

While we would not disparage the talent and learning which have been consecrated to the defence of Christianity, still your Society feel that the best reply to the cavils of scepticism, the foolish pretensions of papal, or semi-papal superstition, the best civilizer of the heathen—in fine, the world's safest and only effectual remedy, is the Word of God, without note or comment. Nor are your Board less impressed with the fact that the measure of our usefulness in His cause will be determined by the depth and ardour of our piety. Then, bringing all our gifts, with our labours and persons, to that altar which sanctifieth the gift, let us offer up the prayer, "God be merciful to us and bless us, and cause His face to shine upon us, that Thy way may be known upon earth, Thy saving health amongst all nations."

Respectfully submitted.

APPENDIX A.

REPORTS OF THE TRAVELLING AGENTS OF THE UPPER CANADA BIBLE SOCIETY.

(1.)—MR. S. B. JOHNSON'S REPORT.

The Secretaries of the U. C. Bible Society.

AUBURN HOUSE, PETERBORO', March 31, 1869.

DEAR SIRS,—The close of another year brings me to lay before you my report of visits to the Branches in the Eastern portion of our field of labour, and I am thankful to report that with a single exception I have been able to reach them all. The weather has in many instances made this very difficult, and has sometimes been such as to interfere with attendance on the meetings, but it is very satisfactory to be able, on the whole, to report a growing interest and continued liberality.

In the early part of the year, I was engaged in the formation of some new Branches, and in visiting some others, which on account of the thorough blocking up of the roads by the storms of last winter, it was impossible to reach at the time previously appointed. I commenced with Cambray, a small but growing village in the rear of Lindsay. The attendance was good, and after a very interesting meeting, a Branch was formed, which I am happy to say has within the year yielded a return, and will I trust be a means of good in that locality. I next visited Fenelon Falls, which I was glad to find still doing well, and active in the good work. Bobcaygeon had most energetically carried on its work, and the sales and contributions were large and liberal. I received a large amount on purchase account, and the following contributions: $15 to British and Foreign, and $15 to the Upper Canada Bible Society. I then proceeded to Minden, a little village lying away some 30 miles in the rear, upon Gull River, in the heart of large lumbering operations. After Sabbath services, a meeting was held on the Monday evening. The attendance was good; much interest was taken in the formation of a Branch. A good staff of officers was appointed, and a promising commencement for future usefulness was made, which so far has not disappointed us. Fenella, a small but useful organization, came next in order; the meeting had been held, and contributions forwarded, but I was not able to get there; is doing well, as is also Baltimore, which has always been a liberal contributor. Subscriptions had been previously duly forwarded.

I next formed a new Branch in an interesting country settlement west of Bowmanville, where a most lively interest was manifested, and a very promising commencement was made. I then spent three days in holding meetings in different parts of the township of Cartwright, with a view to extend the influence of our organization there, which has shewn an active co-operation in the good work.

The Branches in connection with the Kingston Auxiliary were next visited, a report of which will also be given. A new organization was formed at Blairton, a new village, which has sprung up since the iron works have been again in operation near Marmora, where a large capital is employed in raising and sending the iron to the States. The men, in general, are of a superior

class, and take a lively and general interest in matters connected with religion. In resuming my visits, Dunbarton comes first in order, and though small, is a most faithful and vigorous ally. They have never done better than during the past year; after the meeting, which was well attended, I received $45.20, between the British and Foreign and the Upper Canada Bible Societies. After a Sabbath service, the meeting was held in Duffin's Creek. The collections were not made, but have, I trust, been forwarded. Claremont is one of our best rural Branches, the meetings are always largely attended, and the general interest manifested is highly encouraging. I received $90 free contribution. Central Pickering, a portion of the field that was formerly in connection with the last named Society, is doing well; collection to be forwarded. Brooklin—The returns from this Branch were also to be forwarded, as they were not on hand at the time of my visit. Bowmanville gave us a good meeting and liberal returns; I received $126.44 on purchase account, a free contribution of $40 to the British and Foreign, $22 to the Upper Canada, and $20 to the Montreal Bible Societies. Oshawa—This branch which has been for many years in healthful operation, is a little behind this year, as a very large amount of money has been required for local purposes. I received $33.63 on purchase account, and $60 free contribution, equally divided between the British and Foreign, Upper Canada, and Montreal Bible Societies. Hampton is doing well. After a good meeting, I received $55.55 on purchase account, and $10 free contribution to the Upper Canada Bible Society. Kendal I was glad to find in advance; though a small Branch, it is faithful to its trust, returns $22.80 between the British and Foreign, and Upper Canada Bible Societies. Clarke (Newtonville) —Here our friends never neglect their duty in seeing that the collections are duly attended to; after a good meeting, I received $15 to the British and Foreign, $15 to the Upper Canada, and $12 to the Montreal Bible Society. Millbrook was next visited. We had a successful meeting; here the collections are made after the meeting. Orono has done well this year. I received $54.17 free contribution, half of which was devoted to the British and Foreign, and the other half divided between the Upper Canada and the Montreal Bible Societies. I next visited the new Branch at Ebenezer, mentioned in the early part of this report. After preaching twice on the Sabbath, their first anniversary was held on the following evening. The attendance was good, and the collections were very liberal. I received $51.17 free contribution, of which $20 was given to the British and Foreign; 20 to the Upper Canada, and $11.17 to the Montreal Bible Society. Whitby—The Society in this town is well conducted, and the interest seems to increase. Besides paying their account in full, I received $70 to the British and Foreign, and $35 to the Upper Canada Bible Society. Columbus—This Branch, which has been long connected with us, has shewn increased liberality during the last two years. The field has been well worked, and the contributions are increasing. After a good meeting, I received $30 to the British and Foreign, and $20.61 to the Upper Canada Bible Society. Manvers also, shews a gratifying improvement this year. I received $4.76 purchase account, and a free contribution of $30, equally divided between the British and Foreign, and Upper Canada Bible Societies. Cavanville, a new Branch, faithfully conducted and liberally sustained; a good meeting. Contributions, $20.50 to the British and Foreign, and the same amount to the Upper Canada Bible Society. South Monaghan —This branch which has for many years been one of the most liberal in its contributions, I found as vigorous as ever; the weather somewhat interfered with our attendance, which was still highly respectable. Contributions to be forwarded. Coldsprings, a small but useful Branch; funds rather in advance

of last year. I received $14.20 to the British and Foreign; $10 to the Upper Canada, and $10 to the Montreal Bible Society. Baltimore—Here, too, the storm had the effect of thinning the meeting, though our friends display a lively interest in the work of the Society. At Newcastle the work is not suffered to fall behind. I received upwards of $16 on purchase account, and the following Free Contributions: $20 to the British and Foreign, $20 to the Upper Canada, and $9.05 to the Montreal Bible Society. Hope—The Branch in this township is nobly sustained. Our annual meetings are held in different localities each year, and thus the objects of the Society are brought before a larger number than if always held in the same place. This year the meeting was held in Perry Town, after which I received $42.50 free contribution to the British and Foreign; $35.80 to the Upper Canada, and $21.25 to the Montreal Bible Society.

At Cobourg our meeting was large and very interesting; the local assistance was all that could be desired, and the Society is in a highly prosperous condition. In addition to a large payment on purchase account, I received $125 free contributions to the British and Foreign; $25 to the Upper Canada; and $25 to the Montreal Bible Society. Grafton—The Branch in this place has for some years been most faithfully and liberally conducted. Returns, $33 to the British and Foreign, $16 to the Upper Canada, and $16 to the Montreal Bible Society. Colborne—The collections for the year had not been taken up at the time of my visit, at which I received $34 91 on purchase account. Belleville—In this town our Society is nobly sustained. The meeting was very lively and interesting, the speaking effective, and all to the point. The contributions forwarded to Toronto. Port Hope—Here, too, we have noble friends and supporters; the attendance, owing to the weather, not so large as usual. Purchase account in full, and a free contribution of $117 25 to the Upper Canada Bible Society. Peterboro' gave us a most excellent meeting, and is doing well. Lakefield—Our Society in this rising village quite keeps pace with the general prosperity of the place, as the following contributions fully prove: $60 to the British and Foreign; $20 to the Upper Canada; and $10 to the Montreal Bible Society. At Keene, where we have a good Society, the collections were not complete at the time of my visit; as was also the case at Mount Pleasant, in Cavan, where the Branch is well sustained. Omemee is doing well, and is usefully and fully maintaining its ground. Purchase account in full, and a free contribution of $13 to the Upper Canada Bible Society. Lindsay—Here I received $62 on purchase account, and a free contribution of $10 43 to the Upper Canada Bible Society. Mariposa—The Branch in this Township is doing well. Returns not complete. I received $24 94, being their purchase account in full. Prince Albert—Here we have many liberal supporters. I received $39 90, purchase account, and the following free contributions: $25 to the British and Foreign; $20 to the Upper Canada; and $11 04 to the Montreal Bible Society. With very great difficulty, owing to the drifts of snow, I found, at last, my way to Greenbank, where, after preaching on Sabbath, their first anniversary meeting was held on the Monday evening; after which I received their purchase account in full, amounting to $21 58. In the village of Uxbridge we can always depend upon a large and very interesting meeting, which was this year quite equal to its predecessors. I received $40 on purchase account; $20 to the British and Foreign; $20 to the Upper Canada; and $5 to the Montreal Bible Society. The first anniversary of the Port Perry Branch, another new organization, was next held, after which I received on purchase account $37 57. Zion—This small but useful Branch I found doing well.

The meeting was well attended; after which I received $15 to the British and Foreign; $15 to the Upper Canada; and $6 to the Montreal Bible Society. Cartwright is doing well; $20 to the British and Foreign; $20 to the Upper Canada; and $10 to the Montreal Bible Society. Manilla—This Branch had not, owing to the state of the roads, been able to collect till after my visit, but is in a healthy state of activity. Cannington devotes this year a free contribution of $20, specially for Bible work in Spain. Beaverton—This Branch, also, gives us excellent meetings, and is well managed. Free contributions of $20 to British and Foreign; $20 to Upper Canada; and $8 to Montreal Bible Society. At Woodville—This Branch has greatly improved during the past two years. After a very interesting meeting, I received a large amount on purchase account; $10 to the British and Foreign; and $10 to the Upper Canada Bible Society. I next held the first meeting in Cambray, where I received $37 in payment for stock. This Branch is likely to be of use in the locality where it has been planted. Our new Branch in Minden is also doing well. I received $26 70 on purchase account. Bobcaygeon, after a good meeting, paid $45 25 on purchase account. Warsaw, at its first meeting, paid $20 09 on purchase account. We had a good meeting at Norwood, where the Society is doing well. Percy—This Branch is steadfastly pursuing its useful course. The meeting was an interesting one. In addition to nearly $10 on purchase account, I received $15 to the British and Foreign, and $15 to the Upper Canada Bible Society. Campbellford—This new Branch paid its purchase account in full, and gave, in addition, a small amount, viz.: $5, as a free contribution to the Upper Canada Bible Society. Castleton, another new Branch, after the meeting, paid $17 on purchase account. My last visit was paid to Fenella, where, though the returns were not complete, I received $27 32 as a free contribution to the British and Foreign Bible Society; a further contribution has since been forwarded to the Upper Canada Bible Society, but too late to be included in the returns for this year.

From this it will appear that the Society has a deep hold upon the affections of the population of this Province, and will, I trust, not only maintain, but, in the future, increase its funds, both to meet the necessities of our home population, and yet more largely to assist the glorious work of supplying to far distant lands the leaves of that book which are for the healing of the nations.

Yours, faithfully,

S. B. JOHNSON.

(2.)—MR. S. B. JOHNSON'S REPORT.

To the Kingston Auxiliary Society.

AUBURN HOUSE, PETERBORO', January, 1869.

J. MAIR, ESQ., M.D.

My Dear Sir—In presenting my report of labors during the past year in visiting the branches in connection with the Kingston Auxiliary Bible Society, I am happy to state that most of them are evincing signs of life and progress.

My first visit was to Marmora, where the first anniversary meeting was held. I was glad to find that an encouraging beginning had been made. A supply

of Bibles had been obtained, and the neighborhood had been canvassed for subscriptions. In addition to an amount on purchase account, I received a free contribution of $8.89 to the British and Foreign Bible Society.

After a Sabbath appointment I formed a new Branch at Blairton, a new village which has sprung up in connection with mining operations which are now carried on vigorously by an Iron Company. The men are intelligent, and quite disposed to take hold of whatever is likely to benefit themselves or advance the good of others. A promising branch was formed, which will, I trust, be a means of usefulness.

At Stirling, we had a good meeting. Our excellent President was unfortunately absent attending to his Parliamentary duties, but everything in order. I received $8 for the British and Foreign, and $7 to Kingston Auxiliary.

Our little Branch at Roslin had not made its collections ; I received $6 to credit on their purchase account.

At Moira the collections were not fully made, but will be forthcoming, I trust, in time for your Report.

Canifton is still doing well ; though rather later than usual in getting to work, we had a good meeting. I have here some warm friends.

Shannonville has done a little and ought to do more. I received $5.75 to Kingston Auxiliary.

Napanee.—In this rising little town I was glad to find matters improved, though the Society should be more liberally sustained from the size of the town. I received $30 on purchase account and free contributions as much more, $60 in all. I hope to see it ere long $160.

Odessa has done nothing, and I fear will do but little till a warmer spirit of Christian benevolence gets into her midst.

Garden Island and Wolfe Island will, I hope, both show some improvement this year. Both Societies are well managed.

Gananoque is usefully holding on, and has a faithful list of officers.

Waterloo had made the returns before the meeting, and I hope will, this year, be in time for your Report.

Glenvale I have always found ready with funds for the meeting, and am glad to notice an improvement this year. I received $5 British and Foreign and $6.50 to Kingston Auxiliary.

We held our first anniversary at Sydenham, where after a good meeting I received $6.13 as a free contribution to Kingston Auxiliary.

We had, thanks to the interest taken by our good Secretary, the best meeting I have ever held in Bath, the collection at which amounted to $3.09, free to Kingston Auxiliary; the subscriptions not taken up in time.

Amherst Isle.—It was with great difficulty, and at some peril, that I reached this place—a capital meeting—lively interest. Collection $4.48, free, Kingston. Subscriptions to be taken up.

Big Creek.—This little Branch is faithfully doing its share. After an interesting meeting I received $8.20, free to Kingston.

Trenton—Here I held an interesting meeting; after which I received $12.00 to credit on purchase account, and a free contribution of $10.50.

Consecon wants a little more energy among its officers, but is usefully holding on. I received $5.87, free to Kingston.

Bloomfield returns not made. Some changes were made, which will, I trust, prove beneficial.

Picton is doing well; a good meeting and lively interest displayed in the work.

Milford gives $9.00 free to Kingston.

Demorestville returns not quite complete; I received $9.40, free contribution.

Newburgh.—This is one of the best branches. I received $15.00 purchase account, and free contribution of $15.00 to the funds.

Centreville.—Very dull and inactive.

Tamworth.—A lively little Branch, well sustained. I received $15.00 to credit on account.

Selby and Lonsdale had not made their collections.

Melrose gave us a capital meeting; after which I received $22.27 to the Upper Canada Bible Society.

Madoc—Another good branch. A very interesting meeting; after which I received $10.60 on purchase account, and a Free contribution of $28.93.

Bridgewater.—This enterprising little village I found still improving. After a good meeting I received $15, free contribution. Their purchase account will be forwarded.

Tweed—Still usefully holding on, and I trust will be found still improving.

Trusting that the next may witness a growing interest over the returns of the present year.

I am, Dear Sir,

Ever faithfully yours,

S. B. JOHNSON.

(3).—THE REV. WILLIAM BROOKMAN'S REPORT.

To the Directors of the Upper Canada Bible Society.

LONDON, Ontario, April, 1869.

DEAR SIRS,—In presenting my Annual Report concerning the District committed to my charge, I desire to record my grateful sense of continued unmerited mercies from Almighty God, during the past year that I have been engaged in His service. There is a day coming when we shall know more of the importance of the work in which we have participated, and of the honor conferred by Him in using us for this service, and shall wonder at our little faith and love "*at that day when the Lord shall give the crown of righteousness unto all them that love His appearing.*" To the various Branches of the Society my thanks are due, for their valuable assistance and their personal courtesy: a very few have been somewhat lacking in their zeal, but the general bearing of the country is indicated in a growing sense of the greatness and nobility of the work. As information is circulated by the addresses of Agents and pamphlets; as congregations are aroused by seeing the earnestness of many of their pastors; and last, though not least, as the powerful influence of the Press is exerted occasionally in behalf of God and His Word to men; the work must progress, and the Society take a firm hold upon the hearts and understandings of the Canadian people. Our Protestant Press and public might listen with some advantage to the appeal from the lips of a Romish ecclesiastic at Nôtre Dame, a short time since, as with impassioned fervour he wound up an appeal to his audience to fall back upon the Bible as the true safeguard of society, with these words: "Leave us our old Bible for our children to spell—the Bible, which created the printing press—the Bible, which civilized Europe." An earnest recognition by the Press of the Book and its work, and not a mere formal notice of a meeting, would vastly assist us in our efforts, and throw the

lie to the Romanists in Canada, who, to use the words I heard publicly the other day from one who had been very prominent in their priesthood, do not believe that we Canadian Protestants can earnestly believe what we profess about the value of that Book. *May the Lord "incline our hearts unto His testimonies, and increase our faith."* I started this year for my usual summer tour north, at Clinton. We are in a rather backward condition in this place, and the cause languishes here. Their collections were, as usual, about $40. I hope some day that the work may revive here; dissension and differences have been doing *their* work, and at present are our great obstacle to improvement. We organized a Branch afresh at Dungannon, where there has been one in name for three years, and from thence passed on to St. Helen's. I here received the winter's subscription of about $30. We have some local difficulties in this branch also, amongst some small contributors, but the bone and sinew of the Society see the importance of sustaining the work. They have now a resident minister in the village, whose influence will tell for good in the cause. Lucknow has fairly started as a new Branch, and, I trust, tided over some obstacles at its commencement. They had sent $50 to the Society. Kincardine, alas! had a sad failure this year, through following the indiscreet advice of some one to take up collections in the churches, instead of sending round collectors, as usual; the result was that only two churches sent in subscriptions, and the amount thereof very small. I trust to give better tidings this coming year. I returned home and attended the Synod meeting of the Diocese, a work equivalent, in my experience, in its wearying powers, to a great deal of traveling; but I suppose such things are needed and must be carried on. Afterwards I went northward for a three weeks' tour, by buggy, rail and steamboat, the latter by far the most preferable method of travelling in the hot weather, which now fairly set in. I hardly ever remember seeing the thermometer higher in the shade within the tropics. Tiverton was now visited: the collections were very good; with regard to the audience, it was—as is usual with summer meetings—very small. In this Branch they employ a Colporteur, a zealous man, who has some means of his own, and loves to travel with the Word. He derives a little help in the way of expenses, and works in the northern townships of Bruce County. Many Scriptures have thus been circulated by him. Port Elgin has, for the present, become extinct. Meetings could not be got, and money could not be raised for this work. I passed on, after my visit, through to Saugeen, where things are somewhat improved in our cause, though in a commercial sense the place is anything but improved; perhaps that may account for many subscribing and never paying! Arran I reorganized, and hope to find the benefit of new life infused into the Branch. I also preached on Sunday at this place, and appealed for support in a missionary discourse. The next day I met the Owen Sound Committee. This place is growing and appears prosperous in everything but the Bible Society cause, just now. Nothing had been done in the county town of Grey, though I had written to them in the winter; and hardly any one came to the meeting. We have organized afresh, amid fair promises of amendment. I reached Paisley after a long, hot drive, just in time to save the meeting, as my buggy broke down on the way. The collections were small, but the cause is hopeful, with good nursing on the part of the local clergy. Walkerton.—The report for this Branch is precisely that of the previous year, as recorded in my letter: no meeting, not even a quorum of Committee, but the funds on the increase, though still small for such a place. We have a good president, the son of a Guelph man, who learnt there to love the Society. However, they had held a meeting in the winter, so perhaps that may help to account in some measure

for their absence in the summer. Hanover had a few out, and a slight increase upon their subscriptions. At Durham, in the Town Hall, we had "stirring strains" from the village band upstairs, while the "good old hundredth" saw being sung downstairs by us. This place holds its own at present, though much in the rear of many Canadian villages. When I reached Priceville, I found that the Depositary had decamped with our funds, as well as the funds of the Postal Department; all the papers were burnt, and no trace remained to show what books had been sold. We started afresh. No collections had been made, though notice had been sent them in the winter. We had no meeting at Flesherton; in spite of notice sent, no collections had been made, nor even an attempt made to take up the subscriptions that I announced were made in my last year's report. I think I can start a Branch near this place which will be likely to do better. Eugenia had made some progress. From thence I drove on to the president's house of the Feversham Branch. Here nothing had been done for two years. I propose forming a Branch near this place which promises more effectual coöperation. This being the state of affairs, I passed on to Collingwood. Here they had done a little better than during the past year, but the country parts around this Branch are not canvassed at all, and their subscriptions at present are too small for such a place. The collectors had met with some tremendous excuses for not contributing to the work of the Bible Society—one on whom they called said, he would not give because the missionaries in Africa did not do their duty; another denied a subscription because the Government had put a tax on Bibles, and it was so wicked of them! Meaford is a growing Branch, and well worked; it had transmitted $80 to the Society. Thornbury had postponed its meeting, and taken to an Orange celebration. Leaving my horse and trap at Collingwood, I proceeded to Rugby (Oro) by rail, steamboat and buggy. This is a zealous Branch: it has three depots in the Township, and does good work in endeavoring to circulate the Word of God therein. I received $40 from them. We had a good meeting at Orillia, the only good meeting of the summer season; about $75 had been collected. We have a good Branch here, kept up with excellent spirit. They are very desirous of seeing the Upper Canada Bible Society become a centre for the Ontario Province. Barrie was somewhere in the same position as last year; they had collected about $70. I returned home and started again for Innisfil; found my horse and buggy had not come on by train, went on to Collingwood in time to ship it by the returning train to Barrie, and when I reached that station drove on and caught the meeting at Innisfil. This Branch had done well, but was a little behind last year's contributions. Thornton had collected $26. Bradford contributed $95 free, and was prospering, as was West Essa. We had a glorious state of confusion so far as arrangements at the meeting of the Tottenham branch are concerned, and have re-organized this Branch with good hopes of future success. Rosemont was in a good condition. By some means I missed the train for Bondhead, and so they held their meeting without me, but they were well supplied with speakers, and Rev. J. H. McCollum and Dr. Geikie, of Aurora, had driven up to aid them. Having completed the tour through Bruce, Simcoe and Grey, I returned home for the harvest rest, before the real work of the year, and started again in September, commencing at Newmarket. This Branch promises in its present spirit to be very effective; I only regretted the smallness of the audience prevented the tidings of the Society's work from being farther and wider known. Lloydtown keeps up its position, and so does Schomberg, its rival village. A concert in the former place drew away many from the latter, and so our meeting was small. I unfortunately missed Aurora, through

being misinformed respecting the train. They had a good meeting. I visited them next day and offered to come again both to them and Bondhead, but they did not wish to tax me with a second trip; they had raised $170. Laskey had done well, and had increased its contributions. York Church meeting was held during the fair, and so our audience was small. York Township had postponed the meeting, and so had Thornhill. Stouffville is somewhat lacking in earnestness, but not so Markham, for as I had hoped and expressed last year, they had taken a new start, and presented a contribution list of $60 against $20 of the previous year. Scarboro' always does well. I wish I could say so of Cooksville: only $8 had been collected last winter in such a neighborhood as this. The fair prevented many from attending at Derry West, but the Branch had done very fairly—so had Streetsville. South Etobicoke had done better than usual, though that Branch in 1856 had collected over $100. The Sunday Schools here sent in $10, which made their funds up to about $50. North Etobicoke is an interesting branch, and does well for the cause. Klineburg failed to collect a meeting, but the ladies in the winter had collected some funds, and so in a pecuniary sense they had done well. We had a capital meeting at Richmond Hill, and the collections were $20 over those of the previous year, making a sum of about $100—one collector alone had over $40 on her book. Weston is improving. Berwick meeting was postponed on account of the fair. I subsequently wrote concerning the calling together of a meeting towards the end of March, but received no reply. Bolton was not attended this year by me, as I was labouring under much hoarseness, and could not venture a long drive in a pouring rain that evening. Campbell's Corners was next visited; it had done pretty well, but Grahamsville I found defunct. Malton meeting was postponed—I subsequently returned there. Cheltenham had a good meeting and collection. The finances were low at Alton, on account of some differences of opinion about the Society's manner of expenditure. As they had received no pamphlets on the subject, I sent them some on my return home. We had a very full meeting at Everton, which is connected with the Rockwood Branch, and the collectors had been very successful. Malton has, I hope, started afresh, with a new President from the well worked neighbourhood of Kirkwall. A very wet night at Acton prevented our usual good attendance. They collect in January, and have always done well; so had Norval and Georgetown; in both these places an excellent spirit pervades the work. The Brampton Bible Society, and the famous Scotch singer, Kennedy, having arranged on the same night for a meeting, one of the two had to postpone: it fell to our lot to do so; and I passed on next day to Hornby, through bad roads, the fall rains having fairly set in. Their collectors were not yet out, but they had done pretty well since I visited them. Again we came into collision with our friend of the Scotch ballads at Milton, so another postponement took place. Appleby had lost its old President, who had always taken much interest in the work. I found them still on the increase. What a wretched night it was for the Cummingsville meeting! black with darkness, and rain having fallen all day long in torrents. The long drive was almost through floods of water the whole way. This is a good Branch, and their prosperity was seen by the best subscriptions yet made. The meeting was a failure, and I had only the Committee to address. The next day I formed a new Branch at Campbellsville, and then passed on to Nassagaweya and Eden Mills, which are still doing well. Rockwood had a crowded meeting, and a good purse full of money. The collections amounted to $113, being much ahead of last year. We had a splendid gathering at Brampton

to reward us for our postponement, and found the funds considerably on the increase, though the Collectors had not all made their returns. This Branch is much improved of late. Preston, at present, is weak amongst our German friends—a little of Luther's spirit is needed here. The Galt revival, which has attracted considerable notice lately, conduced, doubtless, to the assembling of the largest audience I have yet seen in this thriving Branch. The splendid Town Hall was filled to overflowing, many standing during the whole of the time. The collections amounted to $340, of which sum one lady contributed $50, and a large sum was taken up in the plates. We had an excellent meeting at Guelph, though it was very small for the size of the place. The energy of the Committee and collectors had raised nearly $400 in subscriptions. Our friends here are second to none in the Province for love and zeal towards this great cause. I had to go some long distance from this place to overtake the work at Thornhill, on account of their postponement, previously mentioned. Their report complained of the apathy of numbers of the people on whom the collectors had called ; many had said they could not afford to give anything ! though a gracious Father had sent plenty to them in a good harvest. About $50 had been raised. Oakville was in a better condition in every way. They had requested a late visit, in order to secure better results, after navigation had closed. Here we had the valued assissance of the Rev. Mr. Nisbett, a missionary from Samoa, who gave a most fervent address (*and what missionary would not?*) in favour of the Bible Society, whilst he wondered and lamented over the apathy of the Protestants generally in this cause. He gave us most interesting information concerning the circulation of the Word in the South Seas, and contrasted the fervour of the South Sea Islanders with our lack of it. I sincerely trust that many of us were aroused to feel more deeply our true position and honour that night. Milton was next taken, amid a tremendous gale of wind, mingled with snow. This Branch still sustains its high character, through the zeal of its office-bearers from the very first. It was a great contrast to Berlin, which was as usual. Any report for the last few years shows what that is. I regret I cannot write *at present* more favourably of this Branch, which should stand very high, but I trust that a better day is dawning upon us here. About $50 had been collected. Here I was enabled to commence sleighing, my cutter having been left in the neighbourhood last winter, and I had a deep snow road to travel to Shakspere. This Branch is improving. A twenty-five mile drive the next day, amid gale and heavy drift, enabled me to reach a halting place for the night, but not an appointment at Cromarty, a Branch, I fear, which will have to be supplanted by one elsewhere in the Township, unless renewed life is thrown into it. Elimsville is still doing well as a new Branch, and so is Crediton ; here we had many Germans amongst our Devonshire audience. The collections amounted to about $40. Exeter has had to contend against a great deal of prejudice, which narrow-minded bigotry has excited against our work in general. Many who formerly worked with us have stood aside lately, under its baneful and unholy influence ; yet, in spite of it, the Branch had not done badly at all, and our President made a warm appeal in our behalf. The collections were not all in. The Secretary and Treasurer, in the person of one man, had run away with all the funds collected both by subscription and sale of stock at Kirkton ; and, alas, we were not the only sufferers. This Branch evidences tokens of good interest in the work. And now the pleasant season of Christmas gave us a respite for a few days, which was happily spent at home, a place I had seen once a week for a few hours during the last four months. Wishing it had been longer, but enjoying

the good work of God, I started the new year with a meeting at Rodgerville. I found our old friend the Secretary failing in health, and his son was appointed to succeed him. This Branch collects in February; last year's collection, subsequent to my visit, amounted to $45. Egmondville, as usual, scanty audience and a fair purse. Bruecfield—A good turn out, and about $49 collected. By request, I procceded to the Hamilton anniversary, to assist my colleague, the Rev. Mr. Goldsmith, and a good meeting we had in every way. Stratford postponed me, in hopes of making some arrangements in order to heal a late division made here. Bayfield had a better audience, and the cause was well recommended by the local Clergy from the platform. The collectors had not yet been sent out. Clinton made arrangements for a church in which to hold the meeting, and the day before it came off changed the place of meeting to another church without sufficient notice; some religious meetings were also being carried on at the same time, and the leaders of it would not consent to forego one for that occasion, and so between the two we suffered. I hope to see better times in this fine village yet. They had collected $42. Blyth is always ready to welcome the Bible Society with a good audience and a good purse. Nearly $100 were received by me from this little place, a great contrast to some of our flourishing villages around it. Passing through Manchester on my way to St. Helens I took up Father Chiniquy in my cutter, and we proceeded on to the above mentioned Branch, and shared a famous gathering, which had come to hear the well-known opponent of Rome and its errors. His address told as well for us as for his own work. They had collected $27. Dungannon had started at last, and made collections and sales amounting to $35. The worthy little Branch of Manchester was next visited, and good work was shewn here. Goderich does not get on well at present, but I think better times are in store for us here. A little opposition sometimes arouses the languishing zeal of true friends, and calls them out to work and pray. The collectors will go out. Londesboro' is progressing favourably, but Ainlaysville, I fear, as they seem to think so, must be given up for a year or two, in hopes of renewing it; they think it is the only course now that can eventuate in good. Wingham had no meeting; the secretary had left, the President was away from home for two or three weeks, and no notice had, of course, been given. Bluevale had not collected yet, neither had Gorrie. I think this Branch is somewhat improving. Fordwich is moving, though but feebly yet. I had arranged in my list to pass up from this place to Walkerton, to preach for the Society on Sunday, in order to get an audience, provided they would let me hear of it, if it could be so managed, as I did not want to run my horse over fifty miles on a speculation: unfortunately they had forgotten to write me, so I remained in Gorrie, and preached there, and afterwards heard that a meeting had been gathered and an address given by some one else. I next addressed a large meeting at Wroxeter, in conjunction with Father Chiniquy, and hope that something will be done to establish a Branch here. Harriston is doing well. The night was unfavourable at Listowell—very stormy. This Branch is increasing in its interest. I had a long drive, through deep snow, the next day, consequent upon the storm of the previous night, and reached Fullerton just in time to commence the meeting. We had a good audience, and were well supported by the ministers of the surrounding neighbourhood. $63 had been collected, being an increase over the past year's collections. This is a well worked Branch. Stratford was again postponed at their request. Millbank is making fair progress. We had a good meeting in comparison with former years, and the collections were better also—$25, against $16 of last year. Hollen has been passing through some

little local difficulties of a denominational character, and we have suffered in consequence. The committee arranged to go around once more and see whether a better result would not follow after the anniversary, at which explanations were made. Glenallan gave us a good meeting; the collectors not yet out. Hawksville.—Here, for the first time this winter, I lost the sleighing, having been singularly favoured with snow ever since the beginning of December, when in other parts wheels were being principally used. The collectors had not all made their returns. In the village, it appears, they went to the chief man, expecting to get a good subscription to head the list; 50 cents was all he would give. The next one on whom they called said, "had you called on me before you did on Mr. ——— I would have given you a dollar, but I do not like to see my name ahead of his!" and in several cases they found similar excuses made. This is, alas! a very common principle on which people regulate their gifts. "What has Mr. Smith given?" they say, and then they square their accounts with God accordingly. I have been lecturing very much of late on the subject of systematic beneficence, in connection with our labours, and with the work of God generally. The Church of God will never do its duty till God's plan of beneficence by system has been adopted by every Christian; and, like all other plans of God's ordaining, this is the best way in every way. "*Let* EVERY ONE LAY BY *according as God has* PROSPERED *him*," is written in The Book. By the beginning of the week the snow had once more set in, and with capital sleighing, I drove on to Elmira, and formed a new Branch there. At Winterbourne we had, as usual, success, but we all felt sorry to see the chair no longer occupied by Rev. Mr. Thom, our old and tried friend. Death had been sent by his Master to take him home to rest till the morning of glory. He had helped to form the Branch years ago, and was ever ready to forward its interests. They had collected $45. Drayton is progressing favourably: they had held a couple of meetings in the surrounding country, which had been productive of much good: the collections were not all in. At Elora our attendance was small, comparatively, as our meeting happened the same evening on which a large instrumental concert was held. There was a very slight falling off in the cash returns, which was accounted for satisfactorily by our zealous Secretary. The schools had been canvassed as usual, and returned a fair yield of children's crumbs. The subscriptions of the Branch amounted to nearly $250, and the sales to $62. I was blocked up here the beginning of the next week by *the* storm of the winter, and failed to connect with the Arthur meeting: the drifts were very high, and, amid a pitiless storm of wind and snow, I reached Rothsay next day. At present we are toiling up hill here amid many obstacles, which will, I hope, ere long, be surmounted. The storm made it hard work to reach Mount Forest, and prevented the attendance of many. This Branch holds its ground, but does not yet make progress, though the village contains seven Protestant Churches. Fergus—Had also to wade through drifts to reach the Church, but yet made up a large audience, and their collections were excellent, amounting to $180. At the close, $10 were taken up and, added on behalf of the work in Spain. Eramosa's gathering was smaller than usual, owing to the fair at Guelph, but their funds were larger, amounting to nearly $100; $40 of which they forwarded for Spain. I hope that next year we shall have extra subscriptions from our friends to enable the Parent Society to do the work in the country in which the wise and good hand of God has opened the door wide, that His truth may enter in at last. May I thus call the attention of our Branches to this important matter, and when they are hearing so continually of the opportunities vouchsafed to the Society, and of the work it is doing, I trust they will take

all the needful steps in their locality to secure liberal subscriptions next season. Garafraxa—Had a stormy day indeed for the meeting, and it was poor in consequence—nearly $40 had been collected. Mimosa has resolved to unite itself with the Everton and Rockwood Branch after this. I went on to Orangeville, and that evening we buried the old and effete Branch, in hopes that from its ashes a new one might eventually arise. Nothing had been done in this well-to-do village, for the Society. I have heard since from them, and they have formed anew with promises of zeal. We had none out at Mono Mills. The roads were very badly drifted. Whittington and Laurel also are doing very fairly, though but weak at present. $18 at the former, and $16 at the latter, had been raised. Mono Centre gave us a fair audience. The collectors had not all made their returns. Hillsburg is doing well. Here I was blocked up all day with the drifting storm, and could not reach Erin. They wrote saying the meeting failed, because of the storm, and the collectors could not yet finish their tours; but they would forward their funds when all in. I could not reach Mitchell nor Seaforth through the drifts; had to halt after making a dozen miles or so in five hours; men were digging out the roads in some places. Telegraphed and postponed a meeting announced for St. Mary's for that reason. I reached Stratford at last; but the snow was still falling, and but few were out. The two Societies have united here after some months division, and are again working harmoniously. I trust that henceforth we shall not be troubled with divisions. Nearly $200 had been collected, and three collectors had still to make their returns. With this Branch, March and the year's work closed; and may the blessing of the God of Jacob rest upon His unworthy servant's labours. It is His own cause, and we can commit it to Him. I find that the new system of Collectors' Cards, with information printed thereon, has proved of good service to the Society. In whatever way we can spread information of the Society's work amongst the people, we thus take the very best means under God of securing their favour and liberality. It seems to me the main thing to be studied. I have my doubts whether the "Monthly Reporter," issued by the Parent Society, is just the thing we want out here; it is better than none at all; but I think if we could manage, say once a quarter, to have a sheet of note paper filled with some interesting facts from the Parent Society's Report, and widely and regularly distributed through the Branches, it would prove still more conducive to our well-doing. With regard to Canada, perhaps, our best way at present to inform the people would be to have a sort of synopsis printed—whilst our Report was going through the press, when the expense would be little more than the paper—of the Funds received, &c., and the Agents' reports. With these suggestions I conclude my report. May the good Lord lift up the light of His countenance upon us all, both on our labors and in our hearts, is the prayer of

Yours, affectionately, in the Ministry and work of the Lord.

(3).—THE REV. THOS. GOLDSMITH'S REPORT.

To the Directors of the Upper Canada Bible Society.

DUNDAS, March 31st, 1869.

DEAR SIRS,—In reviewing the labours of another year, it is gratifying to find there has been no decline of interest in the good work. While in some few cases—and but few—there has been a slight decline in the cash receipts—clearly accountable for by local circumstances which indicate no indifference—

there is a handsome increase in the aggregate contributions from the Branches to the funds of your Society. My journeys during the year have been unusually fatiguing from the intense heat of the summer, and the absence of sleighing up to the last week in February. Though these circumstances have been adverse to our meetings, I have been cheered to witness the congregations attending, as a whole, much larger than ever before. There is a manifest improvement in the tone of public feeling, evidenced by increased liberality. Some of the Branches have distinguished themselves by earnest and most successful efforts to augment their contributions, and in many instances commendable efforts have been made to supply the destitute in their respective neighborhoods with the Word of Life.

I would here record my gratitude to the Great Giver of all good, that with only two exceptions, I have been able to keep all my engagements with the Branches during the year, though they have involved no less than 6,300 miles of travel, visiting 149 Branches and forming two new ones; ten of these Branches I have visited twice, and one three times. To have been preserved amid the rigors of a specially trying year, subject to so many exposures, demands my warmest gratitude. One of the failures was in a second visit, for the other I was fortunate enough to secure a thoroughly competent supply—in both instances I was prostrated by extreme exposure and over-fatigue. My labors during the year—more extensive and fatiguing than any previous year of my agency—have been greatly sweetened by the warm Christian hospitality everywhere, and by all denominations, accorded to me as agent of your Society; while they have been to some extent lessened, by the cheerful and efficient aid of many of the ministers through the country, in their advocacy of your Society's claims.

I spent the spring and summer months in the work of the London Auxiliary and I am happy to say I found the work in a state of harmony and growing efficiency. But as I have furnished my report to that Board, I will not anticipate their information.

I began my work in the Upper Canada department of my District on the first day of September, in Glandford, where we had the largest and best meeting I have seen in the place. Their funds are a little too low, but they are on the rise. I went the next day to Caledonia, and found the branch doing well. Our meeting was not a large one, but it was spirited, and the contributions a credit to the place. Our friends here have fairly waked up, and they vie with any of our branches according to their numbers. From here I went to Oneida, where we had a good meeting on Saturday evening. Their subscriptions were not yet taken up. They have since sent them on. On the Sabbath I preached here, and also at the river, and then, as an advertisement to our forthcoming meeting, I went over, through a rain, and preached at Hagarsville. On Monday evening we had the best meeting of the Hagarsville and Ballsville Branch I have seen there. Both the attendance at the meeting, and finances of the Branch, indicate very favorably. At Jarvis we had a teeming rain, and, as a consequence, but a small attendance at our meeting. It is a good Branch, and is in a state of efficiency. At Nanticoke, the next evening, it was still raining, so that but few were able to get out. They are still working well. The next evening—still raining—I was at Selkirk, and found a thin attendance. The finances, though not large, are very good. At South Cayuga we had a fine evening, large attendance, charming singing, and funds 20 per cent above any former year. All honor to this noble little branch! At Dunnville we had another wet night, and of course, but a small meeting. Their finances are too low, and they require all their money to renew their

stock, as it is nearly exhausted. We had the best attendance at Cayuga I have ever witnessed in the place. Their cash was not in, as it was thought to be a little too early in the season to collect. At St. Ann's we had a good meetings and found the Branch doing very well. At Caistorville we had but a small attendance. There happened to be another meeting in the place on the same evening, in the interest of a cheese-factory, which greatly reduced our attendance, Their cash returns not large. We had a good meeting at Binbrook—finances good. This brought me up to the time of the Provincial Fair, when we could hold no more meetings for a week.

On Monday, the 28th of September, I resumed my work at Smithville, where we were glad to find the good work on the rise. The congregation and the subscriptions of the Society were much better than last year. Port Dalhousie gave us the best meeting I eversaw in the place. Their finances, too, are considerably increased. Though we had a wet evening at Thorold, we had a much better attendance at our meeting, and larger cash returns than last year. At Niagara, our meeting was not large, though we found the finances much better up than last year. Next day I went along the banks of the noble old river up to Queenston, where, though the meeting was small, I found their financial matters much better than last year. From here I went on up the river to Clifton, where we had a good meeting, and found their contributions still advancing. The next morning being Sabbath, I preached in Clifton, and went on up as far as Drummondville, and preached again in the evening. The next evening we had a fine meeting at Drummondville, and found their cash matters largely advanced. They had employed a Colporteur for a short time, and at a trifling expense, and have more than doubled their sales ; and, after the defraying the expense of colportage, left the Branch in receipt of largely increased cash resources. At Bertie, we had but a small meeting. The attendance was probably much lessened by the Township Fair being held that day in the place. Their subscriptions were not yet in. We appointed collectors, and left them to send forward their money. At Port Colborne, I found our few friends much discouraged. The meet ng was a failure, and our friends concluded to suspend operations till something more favourable should turn up. At Welland, through an oversight, they did not publish our meeting. I called upon the President, and he engaged to see that the collectors were sent out, and the money forwarded in due time. At Port Robinson, the meeting was small, and, though something is being done, this Branch ought to do much more. Fonthill is a romantic little Village, but it has been difficult to get a Branch into life here. This year, however, the public meeting was good, and I have full confidence in its future success.

My next engagement was at Waterford, County of Norfolk. We had a very good meeting, though, as yet, they had not collected. They promise, in due time, to send forward their money. The next day I drove over to Delhi, where we had a pretty good meeting, and found their finances better than last year. The next day I went to Lynedoch, where we have an active Branch, and found them doing well. As their stock had run down, they required all their cash this year for books. The next morning being Sabbath, I preached in this place, and, returning, preached in the evening at Waterford. On Monday I went to Simcoe, and found, that, in consequence of a missionary meeting that night in Town, our meeting had been postponed. From here I proceeded on to Port Dover, where we had a good meeting, and found the Branch in good order and doing well. The next day I went to Vittoria, and found but a small meeting, as the evening was rainy. They have not yet collected.

At St. Williams, we had a much better meeting than last year. This Branch, though feeble, possesses some elements of great activity and value. At Port Rowan, I found that during the year both the President and Secretary had removed from the place, thus leaving the Branch in a state of disorganization. We had, however, a very good meeting, and left them to collect and forward their funds. From this I passed on to the work of the London Auxiliary, an account of which may be found in my report to that Board.

My next return to the work of your Society, was January, Tuesday the 12th, when we had a most successful meeting in Hamilton—by far the best I have seen in the place. Here we had the valuable assistance of my respected colleague, Rev. W. Brookman, with a good staff of the local clergy. The speaking was of a high order, and the meeting enthusiastic and successful. From here I went to St. George, to experience another most successful meeting. They had, with the two-fold object of extending their sales and also increasing their cash receipts, employed a colporteur for a short time; and besides effecting large sales, they more than doubled their subscriptions. The next evening I was at Brantford—the banner Branch of our Society. Much as I expected from what I had witnessed at my former visits, my expectations were far below the mark. The large Wesleyan Church was crowded ; the clergy of the town out in full numbers ; the speaking well to the point ; their finances $160 in advance of last year, and the collection at the close of the meeting, $200.30. Beat it who can ! I may also observe that our friends here employ a Bible-woman, and with the most satisfactory results. With his usual generosity in matters of Christian charity, Mr. Cockshutt, the Society's indefatigable Depositary and Treasurer, has undertaken one-half the expense of this agency, while th Society bears the other half.

From here, by request of the Auxiliary Board in Kingston, and also a mandate from our own Board, I proceeded down to that "Ancient City," to attend their Annual Meeting. The meeting, which was numerously attended, was held in their capacious and really beautiful City Hall. They claim to be the first formed Bible Society in Ontario, and though their finances do not compare favorably with some of our western cities and towns, still Kingston contains many intelligent, warm-hearted friends to the Bible Society. Returning from here to my own field of labour, I reached Burford on Friday, 22nd January, and found a much larger meeting than I ever had before in the place. Their finances slightly increased.

From here I passed into the London Auxiliary again for a week, to finish up my work amongst the Branches that had been postponed. Returning once more to the Upper Canada work, I reached Ingersoll, February 4th, where we had a good meeting, though not large. Their finances are in advance of last year. The next evening our meeting should have been in Woodstock, but another meeting in town would divide the interest, so they postponed. At Mount Pleasant, we had a thin attendance, and though their finances were better than last year, they might still be larger. Scotland gave us a good attendance, and though their subscriptions are not too large, it is a good advance on last year. At New Durham, we had a good attendance. They had not yet collected, but will send on their funds in due time. We had a very small meeting at Norwichville, and found their subscriptions also small. The next evening, at East Oxford, we had a heavy rain, and hence a thin meeting. The next day was Sabbath, and I preached in the place. The rain and sleet fell furiously all day, loading the trees with ice till the branches were bending to the ground. The damage done in this part of the country to orchards and ornamental trees, must have been serious. On Monday, I made

my way through the ice and mud to Culloden, but the storm had left the roads in such a state that but few could get out. Their subscriptions had not all been gathered, as the roads were so bad. We had an interesting meeting at Tilsonburg. Their subscriptions were not all gathered in. Springford is nearly defunct. There seems to be a general indifference to the Bible Society here, and I fear to religious matters generally. At Otterville, we had a good meeting—the largest I have met in the place—and their finances improving, The next day I went to Jerseyville, and found but few out, the funds too low for the place, and yet better than I should have expected from the smallness of the meeting. At Copetown, we had a heavy storm, and consequently a small meeting for this place. The collectors had not all reported. At Lynden, there was not sufficient publicity given to our meeting. The two previous Sabbaths being very stormy, the people were not apprised of the meeting. However, a few came out, and we had a pretty good meeting. Cash resources about as last year. At Paris, we had a very excellent meeting. The attendance was large, the speaking spirited, and their funds increasing. This, for its numbers, is one of our most efficient Branches. The next evening I had appointed for Drumbo, but as they were so near to Princeton, they concluded to merge into that Branch. We had but a small meeting at Washington; the the roads were drifted so full of snow as to render them almost impassable, and the people from side roads were blocked in. For the same reason, but a partial canvass was made for subscriptions. At Chesterfield and Ratho Branch, we had another furious snow storm. The snow was piled up over the tops of the fences, so that it was with the greatest difficulty I was able to make my way to the place. Only a few were able to get out. They have done nobly in their finances, though, from the state of the roads, some of the collectors did not get out to their work. From here I went plunging through the almost impassable snow drifts on to Innerkip, where we had a very nice meeting, though, from the state of the roads, it was not large.

At Lake side, despite the deep snow and heavy roads, we had a good audience, and a meeting of deep interest. They had not yet collected their subscriptions. From here I went to Embro, where we had a fine congregation, an excellent meeting, and cash in advance of the past year. Though the attendance at our meeting, and the subscriptions from Beachville, were small, there are here elements of spirit and value to form an efficient Branch. At Princeton we had an excellent meeting, and finances well up. At Dundas we had a withering snow storm, so that not more than 20 or 30 persons could get out. In cash matters they are doing very well. Since the Annual Meeting, I gave an address to the public of Dundas, in the interest of the Bible Society. We had a fine meeting at Beverley; despite the deep snow and heavy roads there was a large gathering. In consequence of the removal of one of the collectors, during the year, their cash has slightly declined. At Nairn we had another snow storm. Though the meeting was small, I was delighted to find any one out. Their cash more than 30 per cent. over last year. From here I returned home for two days, sick from cold and exposure. My next visit was at Ontario, where we had the largest meeting I have seen in that place. Their finances a little better than last year. The next evening I was at St. Catharines, where our meeting was far too small for such a place. Though the ministers of the town are all hearty in the work, and were all out to the meeting, and one of them preached especially on the subject the previous Sabbath, and called the attention of his people to our meeting, still the attendance was very meagre. The next day I went to Beamsville, where we had not a large meeting, but by far the best I have seen in Beamsville. From here I went

to Grimsby, and had but a small meeting. Their finances about as last year. The next evening, at Bartonville, we had a pleasant meeting, and found them slightly improving in their cash matters. My next engagement was on Monday, March 22nd, at Puslinch East. I preached here on the Sabbath twice, and on Monday evening we had a fine meeting, and found the Branch doing well. From here I went up to London to attend their Annual Meeting. As they will send you their report, I need only say the meeting was a success. Returning from London, I paid a second visit to Woodstock, and had a very successful and pleasant meeting. An old friend of our Society here proposed to the meeting that if 20 persons would give $20 a-piece, for the work in Spain, he would give $50. As he left it an open challenge, I hope something may result from it. My next visit was at Ancaster, where we had a nice meeting, and found them doing well. Here I was so ill as to be unable to proceed to Alberton, and was under the necessity of drawing upon my esteemed friend, Rev. Mr. Lees, of Ancaster, to manage this meeting for me. My next and last meeting for the year was at Waterdown. The night was dark and rainy, and, of course, there was a small meeting. Their subscriptions were not all in.

Here closed my labours for the year—a year of the most severe labour I have spent in the Agency. I am happy to say I have found the Branches in a general state of harmony, and, in most cases, of commendable activity. Thankful for the mercies of the year, and praying that the word of the Lord may have free course and be glorified,

I am,

Yours very truly,

T. GOLDSMITH.

(5)—THE REV. THOMAS GOLDSMITH'S LONDON AUXILIARY REPORT.

To the Directors of the London, U. C., Auxiliary Bible Society.

GENTLEMEN,—I hasten at the first possible moment to lay before your Board some account of my labours in your Auxiliary, and of the general character of the work. As heretofore, your Board has been sadly obstructed in its work by the delay of accounts and remittances from your Branches, rendering it extremely difficult for you to close up your books in time to lay your Annual Report before the U. C. Bible Society within the fiscal year. I have endeavoured to visit all your Branches before Christmas, so as to give ample time. In this I have been defeated by interruptions from other anniversary services, leaving about one week's work for the month of January, and necessitating a second visit to a number of Branches.

I began my labours for the year in Lucan, by forming a new Branch, on Thursday, the 25th of May. Though our meeting was not large, we organized with material that promises favourable results. From here I went next day to Ailsa Craig, when we had, by far, the largest meeting I have seen in the place, though in their finances they were hardly up to the mark, but I hope to find them next year far in advance. At Park Hill we had a fine meeting, and found the Branch doing nobly. Widder gave us a good meeting. Both in the attenance at the public meeting, and in its finances, it is in advance of last year. At Forest we had a good meeting on Saturday, and I stopped over Sabbath and preached in the morning for the Presbyterians, and in the evening for the Wesleyans ; the two congregations, with their ministers, uniting in the ser-

vices—illustrative of the catholic character of the Bible Society. On Monday I went over to Camlachie, and by request from Rev. Mr. Scott, who was holding a "Thanksgiving" service, I preached to a crowded house, and found our friends doing well. They took up a collection at the close of the sermon of $8.54. From here I went to Sarnia, where I found too small a meeting for the place. We have many warm and valuable friends in Sarnia, but they want a little rousing up. My next meeting was at Corunna, where we had a really good, though not a very large meeting—they are doing very well. At Moortown we had a small though perfectly harmonious meeting. Sombra is extremely weak, still there is hope. At Wallaceburgh I found our friends alive. They have benefitted in a large degree by the labors of Mr. Lowry, one of our Society's Colporteurs, who has not only supplied the whole country around with the Word of God, but has at the same time awakened a deep interest in our Society. Here I stopped over Sabbath and preached for three denominations, all the people uniting in all three of the services, and filling the three houses to the very doors. From here I went to Dresden, where we had a good though not very large meeting. From the mixed population of the place, it will not be possible for this Branch to do much for some years. At Dawn Mills we had the valuable assistance of Rev. Mr. Hughes, of Dresden, and though the attendance was not too large, it was larger than last year. At Florence we had a good meeting. They will collect in the fall and send in their cash. This closed my spring tour.

June 22nd.—I left home on my summer tour, and reached my first appointment in Wallacetown on the 24th, where we had but a small meeting, and as this season of the year is unfavorable for collecting money, they deferred their subscriptions till fall or winter. At Aldboro we have a good Branch. The meeting was not large, but the finances were highly satisfactory. At Oxford we had a very nice meeting. They do not collect till fall, but will send in their cash in due time. Ridgetown gave a small but good meeting, and their finances are very satisfactory. On the Sabbath morning I preached for the Rev. Mr. Waddell, in Blenheim, and returning with the Rev. Mr. Philips (who kindly drove me over) to Ridgetown, preached for the Wesleyans in the evening. On Monday I visited Morpeth, accompanied by the Rev. Mr. Benson, of Ridgetown, who rendered excellent service, and found a much larger meeting than last year, and the finances good. Blenheim shows signs of decided improvement, both in the attendance at the public meeting and in its cash matters. My next meeting was at Buxton, and was very fair. They do not collect till fall, but will in due time send in. My next meeting was in West Tilbury, it was numerously attended, and a capital meeting. They do not collect till fall, but will send on their funds in due time. East Tilbury is doing splendidly. We were here favored with the presence of Rev. Mr. King, who drove over from Buxton, and also Rev. Mr. Burgess, of some five miles distance, both of whom rendered valuable service to our meeting. My next engagement was at Kingsville, but through an oversight, my circulars were not published. However, I stopped here over Sabbath, and laid the claims of the Bible Society before the people from the pulpit. They promised to send out collectors in due time, and forward their money. At Colchester we had a fine meeting, the audience three times as many as the previous year, and the finances doubled. From here I passed on to Amherstburg, where we had a much larger congregation than on the occasion of my former visit. I am glad to add that their finances also show an upward tendency. My next visit was to Windsor, where from an inadvertence my meeting was not published. We arranged to have the meeting in the fall. This completed my tour, and

brought me to the 8th of July. From here I started from home, to drive all the way to Dundas, and in such a sun !—the thermometer rising over a hundred in the shade. So I had to take the "early morn" and "dewy eve" for it. However, I made the journey in due time, and safety both to myself and horse.

My next visit to your Auxiliary, was on Saturday, October 24th, at Port Burwell, where we had but a small meeting, and I am sorry to add, a falling off in cash. We have many warm friends here, and I hope, next year they will again be up to "high water mark." Here I stopped and preached in the morning in Port Burwell, and in the evening at Vienna, and on Monday evening we had a splendid meeting in Vienna ; the attendance was large and the finances good. Aylmer came next, and gave us, by far, the largest meeting I ever saw in the place. They made due arrangements to send out their collectors, and promise in due time to send on their cash. Sparta gave us, by far, the best meeting I ever saw in the place, both in numbers and cash. At Port Stanley we had, as usual, a small attendance, but, as usual, cash large, and this year better than ever. My next visit was to Lucan, a Branch which I formed in the Spring, where I found a small meeting and no collecting done. We reorganized and appointed collectors. I hope ere this you have heard from them. McGillivray gave us a good meeting ; they had not yet collected. West McGillivray had but a small meeting. The night was rainy, and mud deep. Finances better than last year. At Arkona we had a dark night and muddy roads, still the attendance was good, and cash far in advance. At Williams we had a very dark night, and small meeting. At London, N. W., we had a pouring rain and deep mud, but a fine congregation, and splendid cash results. London, N. E., gave us a small meeting; the roads were dreadful. they had not yet collected. They resolved to hold another meeting. At Ballymote we had but a small meeting. They have not yet collected. At Nissouri, in consequence of the absence of their officers from home, the meeting was not published. Lambeth, despite an awful rain, gave us a fine meeting. I predicted, in my last report, an increase for this Branch, and I was agreeably surprised to find their finances up to $96. Last year they were $25. This result was secured by arranging deputations and holding meetings, and appointing collections in all the school sections within their bounds. The meeting at Delaware fell on a stormy night ; the attendance fair. They had not yet collected. Melbourne, though a stormy night, and mud deep, gave us a fine meeting ; the finances still increasing. Our friends came out nobly at Appin, through the mud. Cash largely advancing. Next day I encountered a blinding snow squall, on my way to Mosa, but we had a good meeting, and found the Branch doing as well as ever. At Strathburn, despite the mud, we had a fine meeting, with still increasing cash. At Wardsville we had a good meeting ; the finances average for the place, but they would bear increasing. We had a very rainy night at Crinan, but the congregation was good, and a slight advance in cash. Next night I formed a new Branch at Kintyre, and raised $28 for books to commence. This place gives promise of future efficiency. We had a very fine meeting at Iona, and found their subscriptions considerably in advance of the last year. Fingal gave us a small meeting ; the night was stormy, and the roads were fearfully bad. They do not report an increase of funds. Here I preached on Sabbath morning, and again in the evening at Talbotville. On Monday evening, at Southwold, we had a very nice meeting ; the subscriptions in advance of last year.

On Thursday, the 8th of December, I visited Komoka, in the midst of a driving snow storm, and found a few out to our meeting. They had not yet heard from all their collectors, but will be in advance of last year. Strathroy

gave us a good meeting. Their cash was too small for such a place. We had a good meeting at Adelaide, and found them doing well. Watford gave us the largest meeting I ever saw in the place, with increasing finances. At Warwick we had a small meeting. The officers of the Branch had gone from the place, and hence they had but two days' notice of the meeting. They have done well. I preached here on Sabbath morning, and in Watford in the evening. Wyoming gave us a good meeting. They had not completed cash returns. A pretty good meeting at Petrolia; a number of their officers moved from the place during the year. Hope they may now do well. We had a right good meeting at Mount Brydges. The committee have resolved next year to collect themselves, and to give the place a thorough canvass. Bothwell gave us a very fine meeting. The clergy of the place were all out, and gave excellent addresses. Thamesville gave a very small meeting; finances a little less than last year. We paid our second visit to Windsor, December 22nd, and had but a small meeting, though one of interest. They had not yet collected, but will send in. From here I hastened home to spend Christmas with my family.

January 23rd, I returned again to finish the work still remaining, and commenced at Dorchester, where we had a nice meeting, and though their cash was not ready, I hope you have heard from them ere this. We had a very good meeting at Nissouri; as their collectors had not all completed their work, they promised to send forward their money in due time. My next meeting was at Chatham, where we had two postponements, which I did not, in the end, regret, as it gave me the opportunity of attending a County Convention of Sabbath Schools, during the day, in Chatham, and secured to us a large attendance of ministers upon our platform in the evening, who, to the number of eight, addressed the meeting; all spoke short, and well to the point. The hall was crowded, the collection good, and the meeting the largest and best we ever had in Chatham. In Westminster East we had, by far, the best meeting I ever saw in the place; the congregation was good, and the finances the largest they have ever reached. At St. John's we had a fearful storm, and, consequently, a small meeting; they are doing very well. At Belmont we had a good meeting—not large, but one of interest. We had a fierce storm at Harrietsville, and a small meeting; they are doing very well. Thamesford is one of our strong Branches; our meetings here are always good, but this year it was a *speciality*—a full house, and finances still in advance of last year by $10. With this delightful meeting closed my work for the year in your Auxiliary, and I am happy to congratulate you on the peace and satisfaction everywhere prevailing in your work, and the increased vigor in the Branches, as a whole, evinced by the increased finances of your Society, placing your Board in a position for greater usefulness in the good work.

I am, yours very truly,

T. GOLDSMITH.

APPENDIX G.

ABSTRACT OF THE SIXTY-FOURTH REPORT

OF THE

BRITISH AND FOREIGN BIBLE SOCIETY,

1868.

The reproach has often, and not without much justice, been cast upon those who have taken a lead in the arts and commerce of the world, that, side by side with the refinement of their manners and the multitude of their merchandise, they have introduced the worst vices of civilization into the countries which they have visited. But the Society, whose Sixty-fourth Anniversary you are met this day to commemorate, seeks to cast the weight of its influence into an opposite scale. It cannot, indeed, efface the stain of sin which has brought dishonour upon God, and disgrace upon a Christian country; but wherever man breaks up the fallow ground of savage life, it seeks to scatter the incorruptible seed of God's Word; and wherever commerce finds an outlet for surplus produce, or gathers foreign wealth within the lap of domestic industry, there it communicates the knowledge of a treasure in the heavens that faileth not, and exemplifies the grace of disinterested kindness by seeking not its own but another's wealth.

FRANCE.—It is impossible, within the limits of the present Abstract, to give even an outline of the work which was accomplished during the Paris Exhibition; but when your Committee are able to state that no fewer than 1,200 priests received the Scriptures at your Depôt, or from your Colporteurs, and that amongst those who were supplied with the Word of God were the employés of the Exhibition, the soldiers and sailors, to the number of 15,000; and the police and Gardes de Paris, to the number of 6,000; whilst forty hotels and boarding-houses were furnished with the New Testament, and 120,000 Portions were distributed gratuitously among visitors of every grade and nation; there surely is enough in such facts as these to excite the Christian's liveliest gratitude, and to lead him to exclaim, "This is the Lord's doing, and it is marvellous in our eyes."

The changes which have taken place in France during a period of five-and-thirty years, have necessarily been very great, and M. de Pressensé does not hesitate to express his strong conviction, that wherever that change has been for the better, it may be traced to the free circulation of the Word of God. The total number of copies issued from your Paris Depôt during the past year, has amounted to 91,870, of which 62,819 copies represent the sales effected by means of Colporteurs. Twelve Colporteurs have been employed in Paris, four among the military, four in sea-port towns, with a special view to the wants of seamen, and one has directed his attention to the supply of convicts previous to their departure.

BELGIUM.—The view which your Agent, Mr. Kirkpatrick, gives of the present state of Belgium, encourages the hope that the spirit of hostility and opposition to true religion, in whatever shape it may appear, is less bitter than formerly. The issues from the Brussels Depôt have amounted during the year to 13,650 copies, being an increase of upwards of 4,000 on those of the preceding year. The total number now circulated by this Agency since its establishment, amounts to 321,248 copies.

HOLLAND.—The issues from the Depôt during the past year, for circulation in Holland, have amounted to 23,685 copies, 13,130 of which have been sold by the six Colporteurs whom your Society employs.

GERMANY.—The Rev. G. P. Davies commences as usual with the general statistics of his district, and from these it appears that there have been distributed, since the last returns were made, 207,522 volumes. Though the diminution in the issues of last year has been considerable, there is actually an increase in the sale of Bibles of 4,508 copies.

COLOGNE.—The circulation from this Depôt, which supplies the North-west Provinces of Germany, has amounted to 89,834 copies.

The Colporteurs have worked with great diligence, and many of them have effected large sales.

FRANKFORT.—The district supplied by the Frankfort Depôt, includes Southern Germany, Alsatia, and Switzerland. The issues have amounted to 28,332 Bibles, 70,117 Testaments, 19,239 Parts, or a total of 117,688.

BERLIN.—The total circulation has been 28,060 Bibles, 77,092 Testaments, 6,199 Parts, or altogether 111,351 copies; of which 56,453 passed through the hands of the Colporteurs. Besides these, 40,511 copies have been sent to other agencies, principally to Vienna. Major Westphal still continues his self-denying efforts to circulate the Scriptures among the soldiers of the Prussian army. Twice, in the course of the summer, Dr. Simon made a tour of inspection, the result of which was most satisfactory.

SWITZERLAND.—Mr. Davies has, as usual, taken a tour through this part of his district during the autumn of last year, and the details which he has furnished of his journey are most interesting.

AUSTRIA.—The total issues of the past year amount to 132,460 volumes, being, as compared with those of the preceding year, an increase of 5,324 Bibles, and 8,965 Testaments, and a decrease of 2,598 Parts. There are now no fewer than eight Depôts established in the extensive field comprised within this agency, viz. at Vienna, Prague, Carlsbad, and Trieste; at Pesth and Klausenburg; at Belgrade; and at Warsaw. Mr. Millard passes each one of these under separate review.

VIENNA.—The operations of the Vienna Depôt have a wide range. They extend over Lower and Upper Austria, the Tyrol, Styria, Carinthia, Moravia, Imperial Silesia, Galicia, and the adjacent parts of Hungary. The issues to these various districts have amounted to 23,021 copies.

PRAGUE.—The issues from this Depôt amount to 13,229.

CARLSBAD.—The circulation amounts to 2,564 copies, in almost every variety of language.

TRIESTE.—This is the first time that the name of this place has to be noted in your Report in connection with the establishment of a Depôt there. In little more than five months the issues have amounted to 4,358 copies.

TRANSYLVANIA.—The circulation of 19,000 copies in little more than a year and a half, among a population of two millions, may well call forth the warmest gratitude to Him who has directed your Society to this new field of labour.

SERVIA.—BELGRADE.—A Depôt has been established here, and the issues have amounted to 8,313 copies.

POLAND.—WARSAW.—This is another of those stations which has been occupied through the vigilance and activity of Mr. Millard. The issues have amounted to 26,936 copies.

DENMARK.—It is with deep feelings of gratitude that Mr. Plenge reviews the work of the past year, and conveys to your Committee the thanks of his countrymen for the liberality which they have experienced at your hands. There has been a slight decrease in the number of New Testaments circulated, as compared with the year preceding, but still 20,009 volumes is a goodly number.

ICELAND.—An edition of 10,000 Testaments and Psalms has been exhausted in a short time, and a second edition of similar extent has been called for, and is in course of circulation. An edition of the whole Bible is also being distributed as rapidly as its greater bulk and weight will permit.

NORWAY.—The work of your Society in this country has been carried on in the same quiet manner, and with the same economy and success, as in former years.

The total issues from the agency, including the Depôts at Christiania, Christianssand, Stavanger, Bergen, Drontheim and Tromsö, have amounted to 30,019 copies.

SWEDEN.—The agency at Stockholm have once more discharged the duties which have devolved upon them, with their usual faithfulness and zeal. The past year in Sweden, as in many other countries, has been one of great depression through the prevalence of commercial distress. The issues have, however, amounted to 62,109 copies.

RUSSIA.—The past year, as regards the work of Scripture circulation in Russia, has been one of continued progress and of marked success. New channels of distribution have been opened, and the Word of God has been carried to the remotest parts of this vast empire. The total issues from your Depôt have been very satisfactory, and have amounted to 59,667 copies.

ODESSA.—Mr. Melville's health has been sufficiently restored to enable him to resume the work in South Russia. Soon after his return, he started on a tour through the Southern Colonies, and took with him about 4,000 copies of the Scriptures in German, Russ and Hebrew, which he soon distributed. The issues of the year have amounted to 10,061 copies.

PORTUGAL.—The Rev. F. H. Roughton is enabled to report that the issues of the past year have amounted to 11,041 copies, and have exceeded those of the preceding year by 2,263 volumes. Eight Colporteurs have been at work.

That the number of Bible-readers in Portugal is increasing rapidly, may be gathered from the fact that an edition of 5,000 of Almeida's New Testament has been nearly all sold in the course of the year.

ITALY.—The circulation of last year has not only been maintained during a season of much trial, but has been considerably increased. The issues from your various Depôts, as reported by your Agent, Mr. Bruce, have amounted to 48,987 volumes.

PADUA.—It is encouraging to know that 3,900 volumes have been issued from the Padua Depôt in the year 1867, and that, both in Padua and Venice, Churches have been formed, and some fruit gathered to the praise and glory of God.

MILAN.—The work in Lombardy makes fair progress. The issues from the Depôt in Milan have amounted this year to 6,835 volumes.

TURIN.—From the Depôt at Turin, 3,450 volumes have been issued.

GENOA.—Were it only that Genoa is a seaport whence a large number of Italians emigrate every year to South America, its importance as a station where Bibles are sold and Colporteurs employed, would be clearly manifest. The issues from the Depôt have amounted during the year to 6,133 volumes.

TUSCANY.—The issues from the Depôts at Florence and Leghorn show an increase on those of the preceding year of nearly 5,000 volumes, having amounted to 15,088 copies.

ANCONA.—Signor Vittorini, an Italian Evangelist, has undertaken to superintend the Colporteurs connected with this Depôt. The issues have amounted to 6,335 volumes.

NAPLES.—There are seven Colporteurs attached to the Depôt in Naples, who labour in the surrounding country, and in the Island of Sicily, under the kind superintendence of the Rev. J. Kay. The issues have amounted to 6,783 volumes.

MALTA.—During the past year Mr. Kirby has sent out 3,762 volumes, in thirteen different languages, which have been dispersed chiefly in North Africa, Egypt, Syria and Palestine.

TURKEY.—Your Agent, Dr. Thomson, who has been watching every opportunity of usefulness with much anxiety, acknowledges with thankfulness the measure of success which has attended his labours. The issues of the past year have amounted to 18,955 volumes.

There is an Auxiliary at CONSTANTINOPLE, which still maintains its vigour, and has remitted the sum of £64 as a Free Contribution.

BULGARIA.—Dr. Thomson states, that from no people in Turkey have the Scriptures received a more cordial welcome than from the Bulgarians. The sales in Western Bulgaria have amounted to 561 copies, and the directors of Bulgarian education at Widden have introduced the Book of Genesis as a class-book in their schools.

ALBANIA AND MONTENEGRO.—The circulation of the Bible in these provinces is progressing satisfactorily, and producing a marked effect. The issues have amounted to 709 volumes.

THESSALY.—Dr. Thomson has long felt a deep interest in this important province. A Depôt has been opened at Volo, to which preference has been given as a seaport, and Mr. Zabanski has been engaged as the Depôt-keeper.

BOSNIA AND HERZEGOVINA.—In these provinces, which Mr. Tabory has occupied for nearly five years, the circulation has amounted to 1,072 copies, being an increase of 206 over that of the preceding year.

ROUMANIA.—The extensive Provinces of Wallachia and Moldavia, united under the general name of Rumania, present a field for Bible circulation of peculiar interest. Four Colporteurs are employed in its cultivation. The issues have amounted to 3,605 copies.

SMYRNA.—Dr. Thomson states that the account of sales furnished by the Rev. J. T. Wolters, who has so long and efficiently aided the Society's efforts in Smyrna and Asia Minor, is most satisfactory.

GREECE.—The total issues of your Society, from Depôts and by the labours of a Colporteur, have amounted to 778 copies, in addition to which 1,467 volumes have been furnished to the American Bible Society.

INDIA.—Another year has rolled its eventful course since this portion of the field which you are engaged in cultivating was passed under review, and another gracious opportunity has been afforded of gathering wanderers within the fold of Christ. It is impossible, however, to conceal the fact that the influence of England as a Christian nation is not exerted as it ought to be to shed upon India the light of the Gospel, and to guide her people in paths of righteousness and peace.

Your Committee are still engaged, to the extent of their power, in seeking to counteract this evil; and though the difficulties which have to be surmounted are great, they desire to continue their work in faith and hope.

CALCUTTA.—The Auxiliary reports that the past year has been a very busy one. The Bengali Bible, which hitherto had only been published in a large size, has been printed in a much smaller type. A commencement has been made in the translation of the Bible for the Santhals, and the Gospel of St. Matthew has already been issued.

A grant has also been made to the Missionaries in Orissa, to assist them in preparing a new edition of the Oriya Bible.

The issues of the year have amounted to 25,865 copies.

ALLAHABAD.—The number of Scriptures issued from the Depôt during the past year has amounted to 16,296 copies.

The Old Testament in the Urdu-Arabic has been completed as far as the 1st chapter of Ecclesiastes, and the New Testament as far as the 23rd chapter of St. Luke.

The Urdu Bible, in Roman character, has been completed as far as the 3rd chapter of the Book of Proverbs.

An edition of 5,000 copies of the Gospel according to St. Matthew, in the Urdu-Arabic, has been printed at the Allahabad Mission Press.

Your Committee have made a grant of £500 to the North India Auxiliary for Colportage operations.

MADRAS.—The Madras Auxiliary has been engaged for the long period of forty-eight years in giving the Word of God to the millions of Southern India.

The issues of Scriptures from the four Depôts connected with printing presses, have amounted to 113,585 copies.

The sales have reached the high number of 81,659 copies, showing an increase of more than 15,000 on those of the preceding year.

The number of Colporteurs employed in the Madras Presidency, in Mysore and the Nizam's dominions, is now sixty-one.

The revision of the Tamil Old Testament has reached an advanced stage: that of the Telugu Old Testament is also making satisfactory progress.

BOMBAY.—As soon as it was known that Bombay was to furnish a large portion of the troops which were to form the Abyssinian expedition, a request was forwarded to your Committee from the Bombay Auxiliary to send a supply of Gospels in the Amharic, to Aden, to meet the troops there, in order that some effort might be made to introduce the Scriptures into Abyssinia. The request was immediately complied with.

The issues from the Bombay Auxiliary have amounted to 17,440 copies.

CEYLON.—COLOMBO.—The report of this Auxiliary, which is issued once in three years, shows that the total sales from January 1, 1864, to December 31, 1866, have amounted to 3,125 copies.

CHINA.—Mr. Wylie has completed another year of arduous labour. His intimate acquaintance with the habits and manners of the people, and the facility with which he speaks their language, render him a most valuable and efficient worker in this portion of the Lord's vineyard. The number of Colporteurs now employed is twenty nine. The issues of the past year amount to 75,491 copies, and exhibit an advance upon those of last year of 11,927 volumes.

SHANGHAE.—The issues from this Depôt comprise 90,028 volumes, which is an advance of 10,000 upon those of the preceding year. These have been circulated over the Northern, Western, and Central Provinces of China, including large sections of Manchuria and Mongolia.

HONG KONG.—A public meeting has been held here, under the presidency of the Governor, with a view of forming an Auxiliary. His Excellency spoke warmly in favour of such a scheme, and of the general work to which your efforts were devoted. The Bishop of Victoria moved, and the Hon. the Chief Justice seconded, the first resolution. The issues during the year have amounted to 16,433 volumes.

CANTON.—Your Committee have received a report from the Rev. A. Hanspach, who directs the operations of three Colporteurs. The issues during the year have amounted to 5,500 volumes.

LILONG.—Your Committee have received intelligence from this centre, through the Rev. W. Bellon. A Colporteur has been employed among the Hakka population.

AMOY.—A very interesting letter has been received from the Rev. J. Stronach. The issues have amounted to 738 volumes.

JAPAN.—The Rev. Dr. Brown, of Auburn, in the State of New York, has furnished an encouraging account of the progress which American Missionaries have made towards the translation of the Scriptures in Japanese.

AUSTRALIA.—The past year has, in many parts of Australia, been one of severe trial and suffering. Your Committee rejoice to hear, that, under these circumstances, there are many who are recognizing the hand of God. They also feel that there is much cause of thankfulness for the rapid development of your Society's work in this colony. Your Agent, Dr. Tucker, reports that the Branch Societies have become so numerous, that he is unable to visit them all in the course of the year, and that many more might be formed, could the needful assistance be given to organize and set them in motion. Very useful help has been afforded, by individuals taking charge of small Depôts where the population is thin and scattered.

SYDNEY.—The Report of the New South Wales Auxiliary for the present year, is also a jubilee memorial, and is chiefly occupied with a brief review of that Society's progress from its early infancy to its present mature growth. The Branch Societies connected with the New South Wales Auxiliary, are now twenty-six in number. The issues from this Auxiliary since its formation, have amounted to 121,016 copies, and the Free Contributions remitted home have reached the sum of £9,326 8*s.* 1*d.*

The edition of the New Testament in the Niué has been completed and forwarded to Savage Island.

NEWCASTLE.—Three new Branches have been formed in connection with this Auxiliary. One of these has already obtained subscriptions to the amount of £17., which enables the Rev. E. C. Pritchard to forward the sum of £70 as a Free Contribution.

PARAMATTA.—The Rev. R. L. King has remitted £100, as a Free Contribution from the Cumberland Auxiliary; of this sum, £30 has been collected by the Liverpool Branch.

MAITLAND.—The Hunter River Auxiliary still maintains the same prosperous position as before. A sum of £300 has been remitted for the general objects of the Society.

BALLARAT.—A distinct Auxiliary has been formed in this town, and has entered upon its labours with much energy. The result of the first year's operations has been most successful. The sales have amounted to 4,500 copies.

SOUTH AUSTRALIA.—ADELAIDE.—The Committee of this Auxiliary have continued their work with unabated zeal during the past year. LAUNCESTON.—From the report of the Cornwall Auxiliary, it appears that, during the year, 872 Bibles and Testaments were sold at the Depôt. The receipts have been £388 18*s.* 7*d.* The sum of £100 has been remitted to the Parent Society on the Purchase Account.

NEW ZEALAND.—The last corrected sheets of the revised New Testament, in the Maori language, have now been received, and a very short time will elapse before the complete Bible will be issued from the press.

AUCKLAND.—The report of this Auxiliary commences with an ascription of praise to God, though it is accompanied with the acknowledgment that the year has been one of commercial distress. In eleven months, the issues from the Depôt have amounted to 1,087 volumes.

NELSON.—Two remittances have been received, which have accompanied orders for a fresh supply of books; but the letters containing them have been of a simply business character.

CHRISTCHURCH.—A Free Contribution of £100, and a similar sum on the Purchase Account, have been remitted by the Rev. T. R. Fisher.

OTAGO.—A remittance of £25 on the Purchase Account has been received from Mr. Dick, of Dunedin, who describes the Auxiliary as stationary.

SOUTH SEAS.—TAHITI.—The circulation of the year has amounted to 730 copies, for which a sum of £72 12*s.* has been received. The Rev. G. Morris, of Papeete, states that more than 100 of the above copies have been distributed among Roman Catholics.

SAMOA.—Several letters have been received from this group of Islands during the year, but none of them contain intelligence of much importance. The sum of £349 has been remitted as the proceeds of sales. The Rev. H.

Nisbet, in conjunction with the Rev. G. Pratt, has completed a fresh revision of the New Testament and Psalms. Your Committee purpose printing it, under the supervision of some competent person.

MANGAIA.—The Rev. W. W. Gill has forwarded a further remittance of £20 on account of the second edition of the Rarotongan Scriptures.

NIUE, OR SAVAGE ISLAND.—The Rev. W. G. Lawes states that there is every probability that the edition of the New Testament in the dialect of this island, will be fully paid for by the natives among whom it circulates.

NENGONE.—A letter from the Rev. S. M. Creagh furnishes an account of the progress made in printing the Scriptures in the Maré dialect. It has been determined that Mr. Jones should proceed to England and take the manuscript with him. The New Testament in the Lifu dialect had been completed as far as the 2nd Corinthians.

ANEITEUM.—The Committee are much indebted to the Rev. J. Inglis for the long and interesting communications which from time to time they receive from him. An Auxiliary to your Society has been formed in the New Hebrides, which has remitted £30 6*s.* as a free contribution.

MAURITIUS.—The circulation of the year has amounted to 1,961 copies, a large proportion of which has been in the Indian dialects.

MADAGASCAR.—Your Committee have had much pleasure in presenting a copy of the Malagasy Bible to the Queen, as well as to her Prime Minister and Treasurer. The gifts were accompanied by letters from your President and one of your Secretaries, to which suitable replies have been received.

SOUTH AFRICA.—CAPE TOWN.—The issues have amounted to 5,445 copies, which show an increase of nearly 1,000 upon those of the preceding year. Your Committee have again to acknowledge the receipt from Cape Town of a Free Contribution of £250, whilst £450 have been paid on the Purchase Account.

PORT ELIZABETH.—The Treasurer of this Auxiliary, Mr. Selwyn, has remitted £25 as a Free Contribution. No details of any work are given.

GRAHAM'S TOWN.—Your Committee have to acknowledge the receipt of a third donation of £20 from this Auxiliary to the Building Fund.

NATAL.—PIETERMARITZBURG.—A remittance has been received in the course of the year from this Auxiliary, amounting to £35. The Rev. M. Mason informs your Committee that Depôts have been opened in several of the upper districts of the Colony.

NAMAQUALAND.—The New Testament in the Namaqua language, of which your Committee last year sent out 4,000 copies to South Africa, have arrived at a most opportune time, for war has broken out among the various tribes.

KURUMAN.—The Sechuana New Testament has been completed, and 980 copies have been placed at the disposal of the London Missionary Society.

Mr. Moffat has recently remitted, through the London Missionary Society, the sum of £50, being the proceeds of the Scriptures sold by him since the date of the last remittance.

Odumase.—The Rev. J. Zimmerman has written to express his warm thanks to the Committee upon the completion of the Old Testament in the Gâ dialect. He states that the Rev. G. Christaller has proceeded with his translation of the Old Testament into Otji as far as the Book of Esther, and that he has carefully revised the New Testament in the same language as far as St. Luke.

East Africa.—Abyssinia.—Your Committee placed at the disposal of Dr. Krapf, who accompanied the Abyssinian expedition, whatever Scriptures he might require, and authorised him to draw upon them to meet the expense of their distribution.

South America.—Buenos Ayres.—The sales from the Depôt have amounted to 532 volumes, and those effected by Colportage to 4,147 volumes, making a total of 4,679 copies.

Monte Video.—The Rev. S. Adams, the British Chaplain, has again remitted the sum of £23 12*s.* 7*d.*, of which £22 17*s.* 2*d.*, is the amount of Annual Subscriptions.

Chili.—The sales that have been effected from the Depôt of the Bible and Tract Society at Valparaiso, extend over a period of seventeen months, and amount to 1,152 copies, for which £64 5*s.* 7*d.* have been received.

Peru.—Mr. Cortield computes that about 500 copies have been disposed of in Lima since his last visit.

The Brazils.—Eleven Colporteurs have been employed during the year, for a longer or shorter period, and the issues have amounted to 5,837 volumes.

Demerara.—A public meeting has been held at George Town, at which the Governor took the chair, and a collection was made amounting to £22. The Archdeacon also took the opportunity of putting into Mr. Bowen's hands a subscription of £10 10*s.*

West Indies.—Mr. Bowen has been very actively engaged during the greater part of the year. He has visited Tobago, Trinidad, Grenada, Demerara, Antigua and St. Kitts.

Trinidad.—The issues during the year have amounted to 1,154 volumes, in various languages, and the character of the Annual Meeting is favorably noticed. A remittance of £55 has been received, of which £20 is presented as a donation to the Building Fund.

Tobago.—Your Committee have had much pleasure in voting £10 towards the expenses of a Colporteur.

Barbadoes.—Your Agent has not only worked through the instrumentality of the Auxiliary, but has also endeavoured to establish Branches in this island. The collection at the Annual Meeting amounted to £11 18*s.* 6*d.*

Mexico.—Mr. Butler represents this country as being entirely prostrate, and its commerce paralyzed. He, however, hopefully regards its condition, from a religious point of view.

The issues in Mr. Butler's district, during the limited period that he and his Colporteurs have been able to work, have amounted to 3,535 volumes.

United States.—The issues of the American Bible Society have amounted in the course of the year to 1,257,960 volumes; and, since its establishment, to 22,667,926 volumes. With reference to its domestic work, the Society has

undertaken for the third time to supply its home population with the Word of God. This plan formed a part of its Jubilee scheme. Its receipts, which last year had reached the sum of £141,219, have this year exceeded that amount by £5,752.

British North America.—Toronto.—The issues of this Society during the year have amounted to 46,899 copies, bringing up the total of volumes circulated by it, since the commencement of its operations, to 616,370.

The sum of £1,065 14*s.* 11*d.* has been received during the year from various Auxiliaries, including £40 from the Hamilton Branch, through the Upper Canada Society, and £1,440 has been remitted in payment for Scriptures.

Your Committee have had much pleasure in renewing their usual grant of £200 towards the expenses of the travelling Agents and of Colportage.

Ottawa.—A very interesting report of its proceedings has been furnished by the Committee of this Auxiliary.

Five Colporteurs have been employed during the year, chiefly for short intervals, and have sold 2,344 volumes. The issues have amounted to 4,016 volumes.

Montreal.—The operations of this Auxiliary are reported as having been marked by steady growth. The issues of the year had amounted to 15,925 copies.

Quebec.—The Bible Society does not receive that support in this city which its simple object and catholic constitution deserve. The Committee have been obliged to discontinue Mr. Blyth's services, as well as the labours of their Colporteur.

New Brunswick.—St. John.—Your Committee have to acknowledge the sum of £447 6*s.* 7*d.* remitted from this Auxiliary as a Free Contribution, besides £219 2*s.* 10*d.* on Purchase Account, and £24 13*s.* 2*d.* in aid of the Building Fund.

Fredericton.—The report of the Fredericton Auxiliary shows that the issues during the year have amounted to 1,156 copies.

Nova Scotia.—Halifax.—The total issues of this Society for the year have amounted to 2,945 volumes: £300 have been remitted for the general object.

Pictou.—The Committee of the Auxiliary speak of a generous and growing support which is accorded to their cause. The sum of £110 has been received from Pictou as a Free Contribution.

New Glasgow.—The Rev. G. Walker has remitted, on behalf of this Auxiliary, £53 14*s.* for general purposes.

Prince Edward Island.—Charlotte Town.—A letter has been received from Mr. W. Cundall, remitting £100, of which £40 is a Free Contribution.

Brackley Point.—The sum of £16 9*s.* 2*d.* has been received from several Presbyterian congregations here in aid of your general operations.

Windsor.—The sum of £46 4*s.* has been received from the Rev. J. L. Murdoch, of Windsor, being the amount of a legacy left by the late David Reid.

Newfoundland.—St. John's.—The issues of the Auxiliary have been slightly in advance of those of last year, and have amounted to 2,864 copies. A remittance has been received of £100 for the general operations.

DOMESTIC.—Another eventful year has passed away, and added its quota to the long list of departed friends, whose loss your Committee have been called upon to record. Two of your Vice-Presidents, the Right Hon. the Lord Calthorpe, and the Lord Bishop of Hereford, and one of your Life Governors, Dr. Macbride, have to be numbered with the dead.

Your Committee have much pleasure in stating that the names of the following noblemen and gentlemen have been added to the list of your Vice-Presidents:—The Earl of Cavan; the Earl Howe; the Very Rev. Lord Midleton; J. Remington Mills, Esq., M.P.; Joseph Tritton, Esq., and Jos. Pease, Esq

The name of the Rev. W. Ellis has also been enrolled amongst the Honorary Life Governors of your Society.

FUNDS.—Your Committee have the gratification of stating that the total receipts show an increase over those of the preceding year of £7,794 11*s.* 6*d.* The Receipts from ordinary sources have amounted to £179,718 4*s.* 2*d.* To this must be added the sums contributed for special purposes—viz.: China, £1,175 9*s.* 10*d.*; India, £11 2*s.* 7*d.*; the New Building, £5,029 7*s.*; Paris Exhibition, £663 9*s.* 6*d.*; making a grand total of £186,597 13*s.* 1*d.*

The sum applicable to General Purposes is £93,898 6*s.* 3*d.*

The Receipts from the sale of Scriptures have been £85,819 17*s.* 11*d.*

The ordinary operations of the Society have involved an outlay of £177,826 1*s.* 11*d.*; and if to this amount are added the various sums paid on account of the Jubilee, China, India, and Paris Exhibition Funds, a total is reached of £185,611 15*s.*

The sum of £15,267 13*s.* 8*d.* has been paid on account of the Society's New Premises, which raises the Expenditure of the year to a grand total of £200,879 8*s.* 8*d.*

ISSUES.—Your Committee have much pleasure in reporting that the issues during the past year have amounted to 2,400,776 copies.

The total issues of the Society now amount to FIFTY-FIVE MILLIONS, SIXTY-NINE THOUSAND, EIGHT HUNDRED AND SIXTY-FIVE COPIES.

The financial engagements of the Society amount to £112,000.

BIBLE WOMEN IN THE METROPOLIS.—Much as the Committee value this Agency, they have been compelled to review their financial responsibility in connection with it, and to reduce, to a certain extent, the pecuniary aid which hitherto they have so cheerfully afforded. The method hitherto pursued involved a yearly outlay of nearly £1,000. The Committee have now proposed a plan which has the advantage of being entirely in accordance with Mrs. Ranyard's wishes. They have engaged for the coming year to pay to each Bible Woman employed within the Metropolitan District, the sum of one shilling per week, on condition that a specific portion of time during each week shall be devoted exclusively to Bible work. It is calculated that this amended scheme will cost the Society about £600.

THE SOCIETY'S NEW PREMISES.—Some anxiety is still felt concerning the funds necessary to defray all the expenses consequent upon the purchase of a freehold site, and the erection of a building suitable for the purposes of the Society, A hope was entertained that the Auxiliaries and Branches throughout the country would have responded more generously to the appeal made to them, and by a combined effort, entailing but little self-denial, would have

contributed the small sum (now amounting to about £11,000) which is still required to enable the Building Committee to discharge all their liabilities without drawing upon the general resources of the Society. The response, however, has been far from general, and your Committee take this opportunity of noticing the fact, in the hope that many friends may yet be induced to assist them in accomplishing the object which they have in view.

Ireland.—The Hibernian Bible Society still maintains a position of great usefulness in a country in which its labors are much needed. Your Committee are glad to find, that though the receipts of the past year are somewhat less than those of the year preceding, amounting to £4,304 4*s.* 10*d.*, the issues have been considerably larger, and have reached the high number of 63,718 volumes.

The Sunday School Society for Ireland has hitherto, to a great extent, been dependent upon your Society for the supply of Scriptures with which its schools have been furnished. It has, however, been thought, that whatever grants are necessary would be better apportioned by those who are more intimately acquainted with the requirements of the country, than your Committee can possibly be. Overtures were therefore made to the Hibernian Bible Society, with a view of ascertaining whether they were willing to undertake this responsibility; and, after mature deliberation, the Committee decided that they would accede to the proposal, so far as their funds would enable them to do so.

Conclusion.—"It is a good thing," says the Psalmist, "to give thank unto the Lord, and to sing praises unto thy name, O Most High." And surely if ever gratitude is due to God, or praise to Him is comely, it must be at a period when His people are engaged in reviewing the way by which He has led them, and recounting the many mercies which He has so graciously bestowed. If the light of Divine Truth has been maintained in its purity where it already shines, or diffused over lands hitherto enveloped in darkness; if the literature of any country has been enriched by a new translation of the Word of God, or dialects never yet reduced to grammatical order have found their first written utterance in the language of Inspiration; if the inventions of art have been made subservient to the more rapid spread of the Gospel, and even the sense of feeling has become the medium of communicating to the blind the promises of life, at whose feet should every crown be cast, but at the feet of Him who teacheth man knowledge, who is the source of all wisdom, and who claims from all His creatures the honor due unto His name.

It is a wonderful thought, that widely different as are the characteristics of the various nations among whom the Bible circulates, however unlike in disposition and habit, in mental attainment, or in moral culture, the same Book meets their every want It is a mirror in which is reflected the depravity of fallen children side by side with the mercy of a reconciled Father. It is a master key which fits all the wards of the human heart, and which, in the hands of the Spirit, unlocks its best affections, and sets them free to worship the Lord in the beauty of holiness.

Such is the Book which you are engaged in circulating throughout the world under the shield of His protection, who has said, "All power is given unto me in heaven and in earth." Were it not for this assurance, the vastness and difficulties of the enterprise would at times be staggering even to the strongest faith, but the Lord God omnipotent reigneth, and His promises, which are as sure as they are great, point to no doubtful consummation.

However lowering the clouds which darken the spiritual horizon, however threatening the aspect assumed by the follies of the superstitious and the sophistries of the sceptic, God will still in His Majesty ride prosperously because of the Truth. A fiery baptism may yet be needed to purge away the dross which ages of transgression have accumulated, but the blast of that trumpet which awakens the fires of a long slumbering wrath, shall both sound the knell of sin, and summon the whole creation to put on her beautiful garments of purity and peace; and then Isaiah's vision shall be seen in all its vivid reality, as Seraphim unto Seraphim shall cry, "Holy, holy, holy, is the Lord of Hosts, the whole earth is full of His glory."

APPENDIX I.

Abstract of the Fifty-third Annual Report of the American Bible Society.

The Board of Managers report the decease of three Vice-Presidents—the Hon. Joseph A. Wright, Hon. Joseph H. Lumpkin and Hon. David Lowry Swain; and also of two Managers—Hon. Gabriel P. Disosway, and Schureman Halsted, Esq.

Two new Managers have been elected—James M. Fuller, Esq., and Stephen Crowell, Esq.

The report exhibits a year of great prosperity, and of progress in the work of the Society, of which a brief abstract is now presented.

New Auxiliaries recognised, 77. Total of *Auxiliaries* reported, 2,074, with 3,744 *Branches.*

Life Directors constituted, 94; Life Members, 2,297.

Agents in service during the year in this country, 40; with 20 Assistants, 145 County Agents, 85 Colporteurs, and 24,836 Voluntary Local Agents. This department of the service has been conducted with unusual vigour, and at a reduction of $5,069.97 in cost. In foreign lands there are 3 Agents, with 58 Colporteurs.

The receipts have been larger than in any previous year but one, viz.: $731,734.73; of which there were from sales, $431,213.95; legacies, $88,161.23; gratuitous contributions, $179,832.24; rents in the Bible House, $32,527.31.

The Publication Degartment also exhibits a notable increase.

New Electrotype Plates made, 4 sets.

New Publications, chiefly in foreign tongues, 4.

Books printed at the *Bible House*, 1,081,820 volumes; in *foreign lands*, 261,982 volumes. Total printed, 1,343,803 volumes.

Books purchased abroad for foreign circulation, 15,510 volumes.

Books issued from the *Bible House*, 1,059,686 volumes, viz.: 339,595 Bibles; 668,536 Testaments; 51,090 Portions of the Bible; 465 volumes for the Blind. Total value of these issues, $545,501.63.

Foreign issues and circulation, total, 326,920, aside from special grants from the Bible House, in about 52 languages and dialects, being a large advance over any preceding year.

The sum total of issues and circulation *during the year* is 1,386,611 volumes, and the ENTIRE NUMBER of volumes issued in *fifty-three* years is 25,241,731.

Books sold during the last year, 929,055 volumes.

Books donated, 130,636 volumes, exclusive of foreign grants.

Bible Society Record.—Copies circulated, 479,880.

The gratuitous distributions and appropriations amount in value to $181,881.58, of which sum $72,912.53 were for foreign fields. No well authenticated and proper application for aid in books or money has been declined by the Board of Managers. The cost of the foreign work has been greatly decreased, as compared with the year previous, by the completion of the preliminary work on the Arabic Scriptures, by the transfer of the remaining editions of the Arabic Bible to Beirût in Syria, and by the completion of the Bulgarian and Old Slavic, and Hawaiian Scriptures. The chief expense of these costly and valuable works hereafter will be for printing, binding and circulation.

The Board of Managers report, with pleasure, that the restoration of the American Bible Society throughout the Southern States may now be regarded as accomplished. Its Agents, occupying every State, report 856 Auxiliaries and Branches under their charge, of which 117 were newly formed, and 31 reorganized during the year. The receipts from these States, with the District of Columbia, were $75,569.77; being an advance of $9,961.28 over those of the year before.

The Freedmen have had the constant and increased attentions of the Society, through its Agents, Auxiliaries, and donations of Bibles and Testaments sent through many Societies and Boards, Freedmen's Bureau, and individual distributers. By the rules of the Board, no discrimination is made between the destitute white and coloured people, and the plans of the Managers for promoting this great work of supply, for all readers alike, are faithfully observed. A number of coloured Colporteurs have been successfully employed by various Auxiliaries, and several Freedmen's Bible Societies are doing good service.

The re-supply of the whole country with the Bible has been carried forward with vigour and success. Within the year, 474 Auxiliaries have canvassed their fields entirely or in part; 647,733 families have been visited, of which 64,113 were found destitute of the Scriptures, and 37,720 were supplied, besides 15,939 private individuals, 10,866 soldiers and sailors, and 1,558 Sabbath and Mission Schools, exclusive of those which received our grants through the American Sunday School Union and similar Societies and Boards (33,713 volumes.) Of the progress of this work, for three years, 1866-1869, he following statement is made:

Auxiliaries that have canvassed their fields	1,428
Families visited	1,849,338
Families destitute of the Bible	166,033
Destitute families supplied	157,633
Destitute individuals supplied	53,805
Sunday and Mission Schools supplied	2,137
Sailors and soldiers supplied	41,048

Additional Facts.—*New Hampshire* has finished this work. Of 75,000 families visited, 3,000 were destitute, and 2,500 supplied. In *Indiana*, 71 out of 79 Auxiliaries have finished the canvass in all but 14 counties—42,749 families visited this year, and 2,555 supplied. In the *Eastern New York* Agency, 24,923 families visited, 5,045 destitute, 2,015 supplied—*one-fifth* of the population being without the Bible.

In *Southeastern Ohio*, 32,378 families visited, 4,718 destitute, 1,701 supplied. In *Wisconsin*, 52 out of 85 Auxiliaries report 31,404 families visited, 2,966 destitute, 1,031 supplied. In *Alabama*, of 26,712 families visited, 4,739 were destitute, and 4,639 supplied, mostly freedmen. So in *South Carolina*, of 6,785 visited, 1,841 were destitute, and every one was supplied. A very interesting canvass is in progress on the Central and Union Pacific Railroads.

To these figures must be added the work done by some of the largest *State Bible Societies*, whose reports have not yet been received.

The report announces that important plans are now in hand for the enlargement of the work of the Society at home and abroad, for which Providence has opened the way, and the continued support of friends and patrons is confidently expected.
